## COUNTY GOES BEYOND ONE MILLION POST

Lives up to Expectations And Sub-  
scribe \$1,000,050 to the Liberty  
Loan

\$56,050 OVER HER QUOTA

Farmers Are Being Congratulated by  
Splendid Way They Helped in  
Victory

HALF MILLION ON FIRST ONE

Over Million and a Half Invested in  
Liberty Bonds Now Owned in  
This County

### 68 PASS MINIMUM

Indianapolis, Ind., Oct. 27.—Sixty-eight Indiana counties in the seventh federal reserve district today passed their minimum quota in the Liberty Bond campaign. The quota of \$59,500,000 had been exceeded by \$21,300 at noon with reports of further progress arriving from all parts of the state.

Rush county went over the maximum in the Liberty Bond campaign today and exceeded expectations by subscribing more than one million dollars for bonds. It was predicted yesterday that the county would pass the million dollar post and bankers and others who have had an active part in the campaign were elated at the showing the county made.

The subscription reported up to today amounted to \$1,000,050. This is \$56,050 above the county's maximum of \$944,000. The minimum was reached only Wednesday, so it is plain what strides the county has made in disposing of the bonds in the last three days.

Rush county took over a half million dollars worth of bonds on the First Liberty Loan of 1917. This discloses that there are now more than one and a half million dollars of Rush county money invested in government bonds.

Everyone was praising the farmers today for the remarkable way in which they came to the front and subscribed to the loan. Although the campaign seemed a bit slow in starting, Rush county showed how it can finish. Even though seemingly slow, Rush county has been right up in the front rank of the sixty-nine Indiana counties in the seventh federal reserve district. She started out in tenth place, counting per cent of quota subscribed, and moved up to third place and held it all the

## CYCLONIC FINISH TO LIBERTY LOAN

Campaign Promises to Pass Billion  
Dollars Final Day, Washing-  
ton Reports

MANY SMALL SUBSCRIBERS

(By United Press.)

Washington, Oct. 28.—In a cyclonic finish the Liberty Loan campaign is surpassing all previous records and promises even to exceed expectations of a billion dollars the final day.

The most gratifying phase of the race down the home stretch was the large number of individual subscribers of small means.

Thirteen million Liberty Bond buttons have already been distributed and banks are clamoring for more. This would indicate that ten million subscribers would be reached by midnight tonight.

## FIRE STARTS IN THE ROOF

Home of Charles Glover in West  
Third Street Damaged

The home of Charles Glover in West Third street was damaged by fire last night when the roof caught fire from a defective flue. The family was away from home and a neighbor saw the blaze and called the fire department. The house belongs to R. L. Tompkins and was damaged about \$300. The household goods were also damaged by water. The fire department had to throw considerable water because the fire, although small, was a stubborn one.

## DRIVE FOR SIGNERS WILL OPEN SUNDAY

County Thoroughly Organized For  
Food Conservation Week—  
Daily Reports be Made

MRS. STEWART TO WIRE TOTAL

Girls Will be Stationed in Stores to  
Get Signatures—Schools to  
do Their Part

Every woman in Rush county will have many opportunities to sign the Food Conservation cards which will be distributed next week during the observance of Food Conservation week. Plans are perfected for canvassing the entire county and for keeping it before the women of the city each day during the week.

On Sunday, October 28, or Sunday, November 3, each church in the city will devote a part of its service to food conservation and the women present will be given an opportunity to sign the cards.

Friday of next week will be Food Conservation day in the schools, on condition they are opened. Girls will be in the downtown stores all during the week, giving women an opportunity to sign the cards. The Psi Chi Xi sorority will have charge of the cards in the city.

Two girls will be in one of the downtown stores, frequented by women, on every day during the week and on Saturday, a committee of girls will be in each of the stores where women shop. The cards will also be given to the school children, in case school is opened, asking them to see that their mother signs the card.

At four o'clock each afternoon, Mrs. A. L. Stewart the woman member of the County Council of Defense, who is at the head of the conservation work here, will wire to H. W. Barnard, Federal Food Commissioner for the state, at Indianapolis as to how many cards have been signed here that day. Mr. Barnard will in turn wire to headquarters at Washington the total returns of the state and the total for the nation for each day will be known in this way. The aim for the week is that 1,000,000 women may pledge to do their part toward Food Conservation. The fact that 600 women signed the cards at the Rush county fair may decrease the total for the week in this county, although other counties made the same drive this fall.

Practically all of the township committee women for the week have reported to Mrs. Stewart that the cards have been distributed among the canvassers, the sub-committees appointed, and all was ready for the drive next week for women signers to the cards. The townships have co-operated excellently in this and all other war activities managed by the Council of Defense. Mrs. Stewart stated. The advertising in the townships has been conducted on the same principle as in this city and is being done thoroughly.

The result of signing the cards is sometimes misunderstood. "The pledge card does not mean that the

## American Troops Are in The First Line Trenches

American Batteries Are Behind Them and First  
Shot is Fired Against Germany. Associated  
With Veteran French Troops

### CASE OF FIRST SHELL SENT TO WILSON

(By United Press.)

American Field Headquarters, Oct. 27.—American troops are in the first line trenches and American artillery is behind them.

Official announcement of this fact was made in the following statement from headquarters today:

"In continuation of their training as a nucleus for the instruction of later contingents, some battalions of our first contingent in association with veteran French battalions are in first line trenches on a sector that is quiet.

"They are supported by some batteries of our artillery in association with veteran French batteries. The sector remains normal. Our men have adapted themselves to actual trench conditions in a most satisfactory manner."

With American "Sammies" fighting in the trenches side by side with French poilus, a red head artillery captain and his husky gunners will share the honor of firing the first shell sent by an American gun in the war to establish democracy in the world.

The captain gave the gunner a command—the gunner jerked the

layard and America's first shot against German autocracy screamed toward a German battery. It was precisely at six o'clock. The morning was a misty one.

The American infantry restlessly waited during a certain day while the American gunners were thus taking part in the work. They remained in their billets behind the lines until evening. Then they swung through the rain-swept muddy street of a tiny village, their shadowy forms disappearing towards the trenches.

Some attempted to sing, "Tramp, Tramp the Boys are Marching." It was just started when other shouted up, "Shut up, the Boches will hear you." Then silence fell except for the rumbling of the rolling kitchen that kept pace with the shuffle of feet of the marching detachment.

The shell case of the first shot fired for America in the world's greatest war is enroute to President Wilson. Major General Sibert ordered that it be preserved for him.

Just five civilians, all newspaper correspondents, witnessed the first American troops marching to the trenches.

## STILL EXPECT TO REOPEN SCHOOLS

Officials to Resume Work as Only  
One Case of Diphtheria Has  
Been Reported

QUARANTINE STILL IN EFFECT

Although plans are subject to change at the last minute, the school authorities are preparing to open the city schools on Monday. No new cases have developed in the last few days with the exception of Miss Marie Flodder, whose case did not develop recently but only yesterday came under the notice of physicians.

The quarantine will affect the church services tomorrow, all persons under 21 being barred from attending. There will be no young peoples meetings and only the adult Sunday school classes will meet.

The diphtheria situation in Connersville is also causing alarm. Two more cases of diphtheria and six diphtheria bearers were found there yesterday and all of them have been quarantined. All of the cases were school children. Dr. Sample, secretary of the city health board, stated that should the epidemic grow worse, it would be necessary to take precautions, similar to those which have been taken in this city.

## FALLS AND BREAKS HIP BONE

Mrs. James Hinchman Found on  
Back Steps of Her Home.

Mrs. James Hinchman of East Sixth street suffered a broken hip bone and was exposed to the weather for more than a half hour yesterday evening when she fell on the back steps of her home as she was entering. She could not get into the house after she fell and neighbors finally heard her cries for help and came to her assistance. On account of her age, her condition is regarded as serious.

### FUEL HEAD FOR HENRY.

(By United Press.)

Newcastle, Ind., Oct. 27.—Charles Marsh of Newcastle was named fuel director for Henry county today.

## SKELETON FOUND IN OLD TAVERN WALLS

Whether it Was Once Body of Per-  
son Can Not be Determined—  
Log House 100 Years Old.

TORN DOWN IN JERSEY CITY

While tearing down an old log house near Noah Matlock's house in Jersey City yesterday afternoon, workmen found a skeleton between the walls which may have been the body of a man. Whether any murder was ever committed in the old house years ago or whether some mystery surrounds the place, is not known to the present generation, because the old log shack is almost a hundred years old.

Some residents of Jersey City estimated today that the old house had been built at least ninety years and possibly a hundred. It was the first tavern ever built in Rush county and probably was the oldest house in the county. The tavern was used much by travelers from the west on their way to Cincinnati, which was the principal market of this section of the country at that time. It was used as a tavern and enjoyed a profitable patronage in the years before there was a railroad passing through Rushville.

## BURNED FIRING OFF BOMBS

Chase Taylor Hurt While Celebrat-  
ing Over Liberty Loan

Chase Taylor was seriously burned on the left hand and arm about 3:40 o'clock this afternoon while helping Ray Lakin fire off daylight bombs in the court house yard, celebrating Rush county's success in passing her maximum quota on the Liberty Loan. The burn was very severe and it will be some time before it is known what the consequences will be. The bomb exploded prematurely while he held it in his hand. He was taken to Dr. Frank H. Green's office and the wound was treated.

—William Sparks Jr., spent the day in Indianapolis.

## FALLS FROM CHURCH PORCH

Russell Murphy, Age 20, Breaks Col-  
lar Bone at Reception

Russell Murphy, age 20 years, son of Roy Murphy of New Salem, broke his collar bone in a fall from the steps of the Flatrock church porch, last evening, where a reception was being held. Several young men were wrestling in fun and young Murphy accidentally slipped and fell from the porch. The reception was being held at the church honoring several new members who have joined recently.

## COUNTY IS CALLED ON TO RAISE \$132

Mess Fund Equal to \$2 a Man is  
Wanted For Selected Men at  
Camp Taylor, Ky.

CAMPAIGN IN EACH COUNTY

Will be Conducted Here by the Rush  
County Business Men's As-  
sociation

The campaign will be started soon to raise the minimum sum of \$132 as a mess fund for Rush county selected men at Camp Taylor, Ky., brief mention of which was made a few weeks ago when the State Council of Defense indorsed the scheme proposed by the Indiana Commercial Secretaries' association. The campaign to raise the fund here will be under the direction of the Rush County Business Men's association, of which A. Bogue is secretary.

The local organization heartily agrees with the plan and will co-operate to make the fund a success. Every county in the state will be called upon to raise a minimum sum equal to two dollars for every selected man from their county and the money will be used to provide mess funds or comfort funds for the various companies of Indiana soldiers at the Kentucky camp. There are 66 selected men from this county at Camp Taylor, meaning \$132 will have to be raised.

Plans were made more than two weeks ago for the raising of the mess funds, but announcement of the scheme was deferred until the Liberty Loan campaign had been completed.

Every company of the Indiana National Guard when it left its home station, was provided with a Company fund which is expended under the direction of the captain, for little table luxuries and camp comforts not provided by the government. A strict accounting for all funds thus expended is required by the army officials. And after the company goes into service the members usually maintain the fund by contributions, assessments, entertainments and by the profits received from the regimental exchange.

Because of the members of the National Army going to the cantonments in various increments and unassigned as to companies it was impossible to provide them with the fund as was done for the National Guard. The Indiana Commercial Secretaries' Association, therefore suggested to the State Council of Defense that they adopt a plan whereby each county would raise a minimum sum of two dollars for each man leaving the county to join the National Army. This money to be sent to the State Council of Defense who would in turn deliver it to the Commander at Camp Taylor, he to see that it is properly distributed to the Indiana men.

The State Council of Defense proposed the plan to the camp commander, at Louisville, who heartily endorsed it, after which the Council of Defense enthusiastically adopted it and requested the Secretaries'

## FOUR MEN ARE ARRESTED ON 7 CHARGES

T. E. Bottorff, Former Owner of Mil-  
roy Mill, Accused of Convert-  
ing Grain For Own Use

HE GIVES BOND FOR \$1,000

W. H. Roots Provides Bond on 4  
Charges and Jasper Dudgeon One.  
Morris Divorce Suit Dismissed.

AN OUTGROWTH OF ACCIDENT

Carl Vandiver Accused of Involun-  
tary Manslaughter in Connection  
With Baby's Death.

Four men were arraigned in circuit court today on charges preferred by the grand jury, accounting for seven of the 12 indictments returned Wednesday evening. Two arrests were made yesterday on grand jury indictments, which means that there are yet three indictments on which no arrests have been made.

Thomas E. Bottorff of Milroy, former owner of a flour mill at Milroy, was arraigned on a charge of unlawfully removing and converting to his own use deposited grain. The charge was contained in a grand jury indictment. Mr. Bottorff was released on bond of \$1,000. He was recently in bankruptcy court and the mill was ordered sold to satisfy the creditors.

Carl Vandiver was arrested this afternoon on a charge of involuntary manslaughter returned by the grand jury. The indictment is the outgrowth of an accident last summer east of New Salem when a machine Vandiver was driving struck a buggy in which Mr. and Mrs. Carl Swinford and their little daughter Mary Ellen were riding. The child was thrown under the machine and killed. Vandiver was exonerated in the coroner's report. Vandiver's bond was fixed at \$1,000.

William H. Roots was before the court on four charges made in as many grand jury indictments. He gave bond for \$50 in each case. He is charged with assault and battery in two indictments, with giving intoxicating liquor to a minor and seduction. He is now under bond of \$1,000 on a charge of seduction, on which he was arraigned October 20. He was arrested then on an affidavit. Both charges are based on the same alleged offense.

Jasper Dudgeon gave bond for \$50 when he was brought before the court on a charge in a grand jury indictment of assault and battery. The charge is based on an alleged quarrel between Dudgeon and his

## FOUND SUFFERING; SKULL FRACTURED

William George Injured While Work-  
ing on Claude Walker Farm—  
How He Was Hurt Unknown

UNCONSCIOUS; OPERATED ON

William George was found badly injured last evening about 5 o'clock near a barn on the farm of Claude Walker near the city. When he was found, his skull was fractured over the right eye and he was unconscious a part of the time. He was brought to the Dr. Sexton hospital and operated on immediately.

His chances for recovery can not be ascertained until later. It was impossible to find out last evening how the accident occurred causing the injury. It is possible, however, that he fell from a loft or was kicked by a horse.

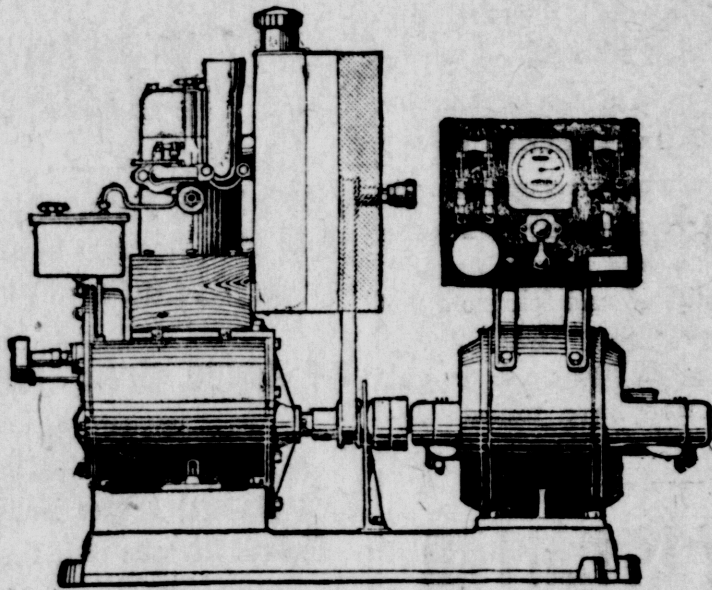

# Always Have PERUNA

Mrs. L. A. Patterson, 1399 Kentucky St., Memphis, Tennessee, writes:

"I have been a friend of Peruna for many years. I have used it off and on for catarrhal complaints and found it a very excellent remedy. I have a small family of children. Times are hard with us, but I can scarcely afford to do without Peruna, especially during the season of the year when coughs and colds are prevalent. We always recommend Peruna to our neighbors, for the benefit it has been to us."

**For Coughs and Colds in the Home. Recommend It to Our Neighbors.**

Those who object to liquid medicines can procure Peruna Tablets.

## FIGHT FOR YOUR LIFE

**Duty Demands Robust Health**

**Fight to get it and keep it**

Fight—fight day in and day out to prevent being overtaken by ill and ails. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains these mighty strength-producing agents, lecithin-and-iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, sallow, pale complexions that "all in" feeling and frail bodies are due to lack of lecithin-and-iron peptonate in the system.

Your mental and physical strength and endurance depends upon a lecithin-and-iron peptonate laden blood; steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The powder and paint way of effecting beauty is not needed by hypoferrin women and girls. Their blood, aided with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks.

No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life into your body and mind that inspires the confidence that you confront the world on an equal footing with anyone. Hypoferrin may be had at your druggist or direct from us for \$1.00 per package. It is well worth the price. The Santanel Remedies Co., Cincinnati, Ohio.

### Days Pickings

A marriage license was issued yesterday to Miss Ella Perry and Will Stewart.

Mrs. Foster Miller of North Jackson street is able to be out after a week's illness.

Word from the bedside of William A. Posey, who underwent a second operation in a Cincinnati hospital a few days ago, is that he has shown little improvement.

The new chemical truck has arrived and was unloaded and taken to the fire department today. It will be tested out Monday when the agent for the manufacturers who sold it to the city, Clifford Bagley, arrives here.

Mr. and Mrs. Wilbur Wilson of North Sexton street will move into one of the new apartments in the Mauzy company's building, corner of Perkins and Second street, a week from next Monday. The first floor of the building, which was formerly occupied by the Daily Republican, has been remodeled and converted into two apartments similar to the one on the top floor.

James Moore, for several years clerk in Allen's grocery store, has been recommended for substitute clerk at the postoffice by Postmaster

### Exposure Aches

Cold rain, winds, and dampness bring out the rheumatic aches. An application of Sloan's Liniment will soon have the blood circulating and the pain will disappear. For neuralgia, lame back, stiff neck, sprains, strains, and all muscle soreness, Sloan's Liniment can't be beat. No rubbing, it quickly penetrates and does its work without stain or clogging of the pores. Better than plaster or ointments. For cold feet or hands try an application of Sloan's Liniment. Generous sized bottles, at all druggists. 25c, 50c, \$1.00.

**Sloan's Liniment**

## RUSHVILLE MEN IN FIRE DEPARTMENT

Sergt. W. B. Brann is Chief of 139th Regimental Squad and Has Seven Men

TWO FIRES AT CAMP SHELBY

"Department" Gets Early Training With Grass Fire—Lieut. Gochenour's Tent Burns

(Special to the Daily Republican.)

Camp Shelby, Miss., Oct. 27.—The fire apparatus for the 139th Field Artillery arrived this week and the "fire department" consisting of eight men from the Headquarters company was immediately organized. Captain Kiplinger's old company is well represented in the department. Sergeant W. B. Brann of Rushville is Fire Chief, while Corporal Hartford Sallee of Greensburg, Corporal George Myers of Rushville, Corporal Henry Ball of Arlington and Private Henry Peters of Connersville compose the majority of the squad. Strange to say the new firemen were initiated the first day after they were appointed, Chief Brann being compelled to leap half-dressed from his bunk and gather his doughty crew to put out a grass fire, which was threatening one of the mess shacks.

Fire Sunday morning destroyed the tent of Lieutenant Gochenour of the Sanitary Detachment from Rushville. A red hot stove pipe ignited the canvass and the Lieutenant looked out of the window of the infirmary mess hall to see his home in flames. A \$50 uniform was burned up with the tent.

The medical department is a very busy place just now. Between 150 and 200 cases are being treated daily by Major Carey, Captain McClelland and Lieutenant Lowell Green. Most of these cases are minor ailments. An average of 40 dental patients are treated by Lieutenants Pearsey and Gochenour.

A football team has been organized among the enlisted men of the sanitary detachment and the Rushville boys expect to issue a challenge to one of the battery teams within the next few days. All men of the detachment are in the best of health and are finding Camp Shelby more to their liking every day.

Football is the sport that is receiving the most attention now. About fifty men are trying out for the regimental team, which is being coached by Lieutenant Boone, an old collegiate football star.

The two men that are showing up with the greatest promise of developing into first class half-backs are Paul C. Koons of Rushville, Ind., and Carl Peters of Connersville, Ind. Both of these men were members of former Company B of Rushville and are now non-commissioned officers in the Headquarters company.

In recognition of the generous and patriotic spirit shown by the soldiers at Camp Shelby in subscribing so liberally to the Second Liberty Loan, Wednesday (Liberty Loan day) was declared a holiday by General Lewis. The men of the 139th Field Artillery devoted the day to the pursuit of athletic sports. A track meet was held in the morning and a football game in the afternoon.

Hunt. The papers were received today and will be properly filled out and his appointment will be confirmed by the department at Washington. A substitute clerk was needed at the office to fill the vacancy which will exist when Harvey Allen leaves for France to serve as a postal clerk. Mr. Moore was on the eligible list.

R. E. Henley, Carthage grocer, is a "Sammy" backer. He has agreed to write to some soldier who is going to France and provide him with magazines and other things to make his life brighter. Robert D. Faulkner, 150th Field Artillery (Rainbow division), which has been stationed at Camp Mills, Long Island, was assigned to Mr. Henley who has already received a letter from his soldier boy. Faulkner has been appointed orderly to his major and writes enthusiastically to Mr. Henley of it.

## TO MAKE RECOMMENDATION

County Council of Defense to Pick Food Administrator.

The County Council of Defense was to meet at four o'clock this afternoon to consider the request of the State Council of Defense to recommend a Rush county man for county food administrator. On account of the conditions imposed by the state body, the county defense body expected to meet with some difficulty in finding a man who would fill the requirements and accept.

## GERMANS KILL 30

(By United Press.)

Paris, Oct. 27.—Thirty civilians were killed in a German air raid on Dunkirk, it was officially announced today.

## HER DEATH NEAR

So Everyone Thought, But Is Now Well And Stronger Than Ever.

Newton, Mo.—"I can certainly speak a good word for Cardui, the woman's tonic," says Mrs. Jay Rhoades, of this town. "I suffered for 12 years with my right side, and the last three years, I would have a bad spell with it about every three months. I would get so bad off, every one would think I could not live.

The first of July, I began taking Cardui, the woman's tonic, and I haven't had a bad spell since soon after I began taking it.

Before taking Cardui, I was so irregular, and, at times, I could hardly stand on my feet. Now, I can clean house, and do any kind of work without its hurting me in the least.

Cardui will surely do for other women, what it did for me. I am telling all my neighbors about it."

Cardui is a mild and effective tonic for women, that has been found, by actual use, during more than 60 years, to relieve the ailments to which all women are peculiarly liable.

Cardui has helped thousands. Why not you? Try it.

—Elmer Caldwell spent the day in Indianapolis on business.  
—George Davis was a business visitor in Indianapolis today.  
—Thomas K. Mull of Manilla was a visitor in this city today.  
—Otto Bussard was a business visitor in Indianapolis today.  
—George Todd, who is attending Embalming school in Indianapolis, spent today in this city.  
—Mrs. Bowman went to Indianapolis this morning for a visit of several days with relatives.  
—Miss May Bickhart will go to Cincinnati, O., tomorrow where she will visit her aunt, Mrs. Lucy Montague.  
—Mr. and Mrs. T. A. Speer of Kansas City, Mo., and George Speer of St. Louis, Mo., are here for a

## For the Music Lovers of Rushville and Vicinity

It is not often that musicians of such prominence visit a small city. That will be the case when Miss Ida Gardner and Harold L. Lyman visit Rushville.

Through the courtesy of our local firm, Hargrove & Mullin, the Edison dealers, we will be given the opportunity to hear these artists.

Miss Ida Gardner is one of the best known concert contraltos in the United States, despite the fact that she is comparatively new to the concert platform in this country.

Born in America and receiving her early musical education here, she spent a number of years in France, studying with Lloyd D'Aubigne, the noted vocal instructor who maintains his studios in Paris. Under him she not only became highly proficient as a concert singer, but went through all of the preparations essential to success in the operatic field. When the European war broke out she was considering an offer from the Imperial Opera Vienna, but the conditions in Europe necessitated her return to this country. Here she has made repeated appearances in cities from coast to coast, and everywhere she has met with receptions that only are accorded to artists of rare merits.

Harold L. Lyman, Flutist, has appeared with numerous bands and orchestras throughout the United States and Europe. In 1916 he made a trans-continental tour with Madam Rappold, the noted singer. He is noted especially for the beautiful quality of his tone reproductions.

These artists will appear here Friday, Nov. 9th, at the Main Street Christian Church.—Adv.

visit with their mother, Mrs. William Speer of North Willow street.  
—Mr. and Mrs. Albert Stevens are visiting relatives in Alexandria, Ind., and will return home tomorrow evening.

—Mrs. Orle Lewark of Claremont, Virginia, arrived this morning for a visit with Mr. and Mrs. William Lewark.

—Mrs. J. W. Hogsett has returned from an extended visit with her daughter, Mrs. Clark Stough of Bucyrus, Ohio.

—Mrs. Alfred Looney and Mrs. Arthur Looney went to Indianapolis today for a visit of several days with relatives.

—Phil Leffel is spending the evening in this city from Fort Benjamin Harrison as the guest of Miss Helen Seudder.

—Edwin Lee of Indianapolis was the guest of Mr. and Mrs. E. B. Thomas at their home in North Morgan street today.

—Mr. and Mrs. Joe Hoover and daughter of Newcastle will spend Sunday with W. A. Woollen and family of this city.

—Miss Dorothy Thomas of Indianapolis will spend the week-end with her parents, Mr. and Mrs. E. B. Thomas of this city.

—Ralph Hackleman, a student in Wabash college at Crawfordsville, is making a short visit with his parents, Dr. and Mrs. F. G. Hackleman.

—Mr. and Mrs. Frank Cotton of Manilla were here today visiting Mrs. Cotton's mother, Mrs. Sarah Casady, and other relatives.

—Mrs. F. G. Hackleman has gone to Carthage where she was called on account of the serious illness of her nephew, Ralph Henley. His illness is a result of an injury.

—Among those from this city attending the Sandusky-Milroy basketball game at Milroy last evening were Glen Foster, Miles Cox, Ralph Blank, John K. Tompkins, Earl Miller, Halbert Brown, John Keating, Cyril Arbuckle, Clifford Hardwick and C. C. Updike.

—Mr. and Mrs. Ed Runyan and Mr. and Mrs. Jess Johnson of Muncie, Mr. and Mrs. Ernest Berry of Newcastle, Austin Joyce of Camp Taylor, Ky., Paul and Leo Joyce of Kokomo, Miss Winifred Joyce and William Joyce of Connersville were among those from a distance, who attended the funeral of Mrs. Austin Joyce. While here they were the guests of Mrs. John Joyce.

## For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

The E. W. Rose Co., Cleveland, O.

## WATSON SPEAKS TO HOOSIERS IN CAMP

Indiana Men at Camp Taylor Hold a Reception and Hear Address by Senator

### HE PRAISES SELECTED MEN

Camp Taylor, Ky., Oct. 27.—That Indiana through her soldiers in the national army is going to give good account of herself in the war for democracy and human liberty was the prediction made by Senator James E. Watson of Indiana and Maj. Gen. Hale, commanding the Eighty-fourth Division, in addresses to the Hoosier troops in training at Camp Taylor at a reception for Indiana men here last night.

The reception marked the first assembling of the Indiana troops since the opening of the campment. The Indiana spirit prevailed. All Hoosiers should have been in the Y. M. C. A. auditorium and have witnessed the cheers of 3,000 men in khaki as the name of their state was mentioned and heard "Back Home Again in Indiana" as the well-known refrain went echoing out of the vast structure and down the confines of Bear Grass valley to the farthest corner of the reservation.

Senator Watson asserted that he was glad to come to Camp Taylor, as he was the more assured after seeing such an array of Hoosier soldiers before him that Indiana will be in the forefront when the time for the supreme test comes. He declared that Indiana pluck and determination is going to be felt in the activities of the American expeditionary forces and that American resourcefulness, efficiency and ability will work wonders when the full force of the United States is ready and is thrown in the balance against Prussian frightfulness.

## WARNING SENT TO ELEVATOR OWNERS

State Fire Marshal Urges That They Take Extra Precaution Against Fire

### MIGHT USE THE HOME GUARD

Indianapolis, Oct. 25.—Owners of elevators, flour mills and stock yards in every city in the state were warned today to take every precaution against fire. H. A. Friedly, state fire marshal, warned that they take extra precaution against the destruction of grain.

Herbert Hoover suggested that a Home Guard be employed to protect elevators, mills and stock yards as an effort had been made in some places to destroy cattle in stock yards.

Marshall Green filed suit in the circuit court against the C. C. C. & St. L. railroad today for \$650.

## SAMUEL GRIFFITH DIES NEAR MOSCOW

Father of Elmer Griffith of This City Expires Friday Night at Age of 78 Years

### FUNERAL MONDAY AT 10 A. M.

Samuel Griffith, age seventy-nine years, father of Elmer Griffith of this city, died last night at ten-thirty o'clock at his home near Moscow. His wife died August 22 of this year and he has been in poor health for some time.

Mr. Griffith was born and reared in the community where he died and lived on the same place for fifty-two years. He was a member of the Gowdy M. E. church and took an active interest in the church work. Besides the son here, Mr. Griffith is survived by one daughter, Miss Carrie Griffith, who lived at home.

The funeral services will be held at the late residence Monday morning at ten o'clock and burial will take place at the Moscow cemetery.

## SANDUSKY DEFEATS MILROY, 35 TO 21

High School Lads From Decatur County Win Over Anderson Township Quintet

### AMOS IS STAR SCORING 20

The Sandusky high school team defeated the Milroy high school team at basketball last evening by a score of 35 to 21. Jackman, guard on the Milroy team, was out of the game for a while due to a slight injury and Kelly substituted for him. Sandusky high school has only 6 boys, all of whom play on the team. They have no floor on which to practice, all of their practice coming in regular games. Amos was the star of the Sandusky bunch, scoring 20 points.

The summary:

Milroy (21)	Sandusky (35)
Jackman, Kelly	L. Marlow
	Forward
Richey	Gookins
	Center
Johnson, Ruddle	Amos
Anderson	C. Marlow
	Forward
Seeright	Turner
Ralph Blank, referee.	

### WANT BOY CORN HUSKERS.

In a bulletin received by the County Council of Defense from the State Council of Defense today, it is urged that the boys in the Boys Working Reserve be utilized during the corn husking season. Farmers are urged to get boys and school officials are asked to co-operate.

### HAIK HAMMERS THROUGH

(By United Press.)

London, Oct. 27.—Field Marshall Haig hammered his way through to the German lines today. It has rained every time that Haig has made a drive and progress was slow through mud and pouring rain.

### 60,000 ITALIAN CAPTIVES.

(By United Press.)

Berlin, Oct. 27.—Sixty thousand Italian prisoners have been captured in the German drive against General Cadorna's army.

—Mr. and Mrs. A. H. Morris of Greenfield, formerly of this city will leave tomorrow for Miami, Florida, where they will spend the winter.

—J. L. Shauck of Arlington visited here today, enroute home from a three week's visit with relatives in Galion, O.

## 25 PATRONS DELINQUENT HOGS AVERAGE \$60 A HEAD

Water Is Turned Off Today—Number Decreases Monthly

Total Receipts at George Reeve's Sale to \$3,411.

The water service of about twenty-five patrons was shut off by employees of the city water and light plant today because they had failed to pay their bills for the last quarter. The patrons had until last Monday to meet the bills, but the water was not shut off until today because employees of the plant had been busy at other work. It costs each patron a dollar to have the water turned on again. This rule is resulting in more people paying their water bills each quarter. When the rule was first made effective, more than a hundred delinquent patrons had to pay the fixed fee to get the service again.

An unusually large crowd attended the George W. Reeve sale yesterday, which was held at the Sugar Grove Stock farm near Arlington. The states of Kentucky, Ohio and Georgia were represented by bidders. Fifty-seven head of thoroughbred Poland China hogs were sold, averaging \$60 a head and the entire sale totaled \$3,411. Robert Hoy of Sheridan, Ind., purchased the highest price sow, which brought \$175 and B. B. Burch of Eastman, Ga., bought a sow for \$80.

The Ladies Aid Society of the Methodist church of Arlington served the dinner.

# VINOL CREATES STRENGTH

## Positive—Convincing Proof

It is all very well to make claims, but can they be proven? We publish the formula of Vinol to prove the statements we make about it.

It Cod Liver and Beef Peptones, Iron and Manganese Peptones, Iron and Ammonium Citrate, Lime and Soda Glycophosphates, Cascarin.

Any doctor will tell you that the ingredients of Vinol as published above, combine the very elements needed to make strength.

All weak, run-down, overworked nervous men and women may prove this at our expense.

There is nothing like Vinol to restore strength and vitality to feeble old people, delicate children and all persons who need more strength.

Try it. If you are not entirely satisfied, we will return your money without question; that proves our fairness and your protection.

## Real Americans

The stories of our first war encounters make all Americans thrill with pride at the heroic behavior of their fighting men. The sailors and soldiers who went down with the Antilles and the crew of the torpedoed destroyer Cassin conducted themselves exactly according to the best American traditions.

It takes high courage to act coolly aboard a ship that is blown in two by a torpedo and sinks in five minutes. The official accounts of the destruction of the Antilles show that there was no excitement whatever, that every officer and man did his duty. The officers "had the situation in hand instantly," when the explosion came, and kept it in hand. The boats were lowered steadily from the foundering fragments of the vessel. The gun crews remained at their posts until the last minute. The captain stuck to his bridge and was picked up clinging to a fragment of the wreckage. There was no excitement, no cry of fear. Men climbed into the lifeboats, or sank, with jests on their lips.

The commander and crew of the Cassin showed no less courage. With her stern smashed by a torpedo and one engine disabled, the destroyer calmly cruised around for hours, looking for the U-boat that had hit her. There was apparently no thought of the possibility of a mortal blow from that same submarine. Vice Admiral Sims himself praises the admirable conduct of the officers and crew. "There was no excitement on board, the men remaining quietly at their battle stations throughout the night except when called to other duties."

That is the way we expect Americans to act. It is the way all the boys now in training may be expected to conduct themselves when they meet the enemy.

## A Remedy For Germany

The Socialists of the German Reichstag are reported in revolt against the new war credit of two and half billion dollars and are said to have decided to vote against it unless Chancellor Michaelis resigns. The Socialists being the largest group in the Reichstag, will require only a few adherents to bring about the Chancellor's downfall. But even, if they accomplish this, they will have gained little so long as the theory of ministerial irresponsibility to parliamentary control obtains in the German government. Chancellors may come and go, but they will be subservient to the Kaiser and not to the Reichstag. It is not a change of Chancellors the German empire needs or that will satisfy the expressed desires of the German Socialist party. It is a reformation of

## LESS THAN HALF COLLECTED

Treasurer's Office Must Get \$17,176.57 in Taxes

With only eight days remaining this morning until the season for paying the fall installment of taxes ends, the county treasurer's office had less than half of its fall installment collected. Collections up to this morning amounted to \$129,587.43, leaving on the books yet to be collected \$173,412.57. This means an average of \$17,176.57 must be paid daily in order to collect all the taxes. Many farmers settled today.

the Imperial constitution, which will make for republicanism as against autocracy. Nor will a mere denial of credits suffice; for it would still be possible, with Germany organized as it is today, to take the people's money by fiat. This episode is another bit of evidence of German discontent with the progress of the war, but it cannot be taken as indicative of a situation wherein the established order is seriously menaced. It is still too early to count upon a revolution in Germany to win the war for the Allies. The spring drive in which American troops will take part has a fixed place in the schedule of events which will show the German people how the war should and will end.

## Henry Ford, Patriot

When asked for the terms on which he would turn over his big eastern assembling factory to the government for use during the war, Henry Ford replied, "No terms at all; take it." Of course there are those who will belittle the act with the remark that he can well afford it, but it was none the less a princely act of loyalty. And it stands out in such vivid contrast to the actions and words of many professedly loyal people that it is especially noticeable. Mr. Ford did all in his power to prevent this country going to war, even going so far as to subject himself to ridicule in his efforts for peace. Now, however, that his country is into it, his brains, his energy, his resources and, we doubt not his life as well if it were required, are at his country's order. Of such stuff are patriots made.

## Rendering Useful Service

The successes of the German fleet in the Baltic prompts the British press to ask what is being done with the overwhelming superiority of sea-power possessed by England. The answer, if given, will probably be that the North Sea is a much more important body of water, strategically speaking, and that the grand fleet has been kept there on that account. The use of sea-power has many phases. Dewey at Manila employed the best of naval strategy because he struck at the first available moment and with full strength. Why the British fleet neglected its great opportunity in the first days of the war has never been told. Yet the service of the British fleet to the Allies, and especially to the United States, cannot be overestimated. It has stood between us and the Hun for three long years.

A bulletin from the state fire marshal's office calls attention to the danger that lies in burning leaves. They are not only a menace to the lives of children, but to property as well. Left on the ground the leaf mold will be worth much as fertilizer because they enrich the soil. The bulletin concludes by urging all to remember that carelessness which starts a fire in wartime is treason.

Notwithstanding the back yards and vacant lots produced millions of dollars worth of food stuffs, old H. C. L. still perches on the top rung of the ladder and hands out sardonic grins.

The Columbus Republican observes that real sweet girls ought to be in great demand now that sugar is so short. Just as if they were not always in demand!

The United States is now making its own dye stuffs. Germany, however, seeks to spell it d-i-e.

Speed up and feed up. You will go farther and live longer.

Talk little and say much. You will be heard.

## The Way to Tell What's Inside

The Willard trade mark branded into the side of the battery tells the whole story. For that mark is the sign of the Still Better Willard with Threaded Rubber Insulation.

It is the outward and visible sign of the biggest storage battery improvement in years.

It stands for durable, threaded rubber insulation—for a battery in which the need of reinsulating is indefinitely postponed.

Next time you're in, ask us for the booklet, "A Mark with a Meaning for you"—it tells exactly what the Willard Mark stands for.

Authorized Willard Service Station

DRINK HOT WATER  
IF YOU DESIRE A  
ROSY COMPLEXION

Says we can't help but look  
better and feel better  
after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washings the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

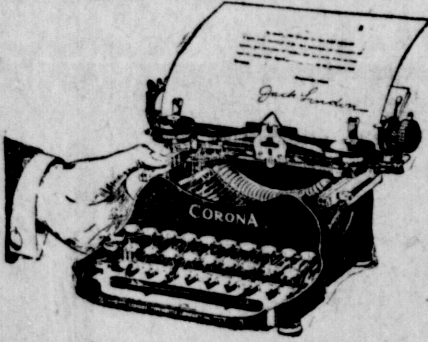

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

AIRMAN CALLED  
IT ORDINARY DAY

Everyday Humdrum Life of Air-  
fighters Might Impress Public  
But Not Them.

ONE TELLS OF HIS FIGHT

Lured Over Enemy's Line But Got  
His Machine Just the Same—  
Calls it Dull Day.

London, Sept. 27 (By Mail)—The everyday humdrum life of the boy airfighters on the Western front reads like a page torn from a book of fairy tales. Here is a story of one of the dull days as told by a rosy-faced youth of nineteen. He was back in "Blighy" recovering from a machine-gun wound.

"What, you want to write a story about how I got this?" He laughed in embarrassment. "It was just an ordinary day—no story in it—Americans wouldn't care to hear it.

"This particular Hun had got old Regan—sent him down blazing. So we were after him. He usually came snooping over out way 'bout sunup. Poor old Regan. His only fault was that he adopted stray dogs.

"Anyway, this Hun bird man sailing over impudently one morning about five p.m. I skipped out to the aerodrome. All the boys yelling licks to me. After that nothing but the roar of the engine.

"There were a few chunks of white cloud—bully for ambushes—if the other fellow doesn't do the ambushing.

"Once before this bird had caught me with nothing to feed Lizzie, my domesticated machine gun, and jolly well chased me right down to our backdoor.

"Before I got up much I was getting 130 out of her—old engine singing like a cricket. I went up 10,000 feet keeping an eye peeled for Fritz. He was sitting under a cloud somewhere evidently. While I was nosing around the corners of the clouds caught sight of a shadow on a cloud-bank below. It was my meat.

"You bet I took a quick look at my fixtures, got a trayful of food ready for Liz, hummed the 'Invitation to the Waltz' and began to slide a bit. But I fell clean into a pocket, did a sideslip. While I was getting her straightened out, Fritz saw me and started up to get over me. He flew better'n I did, had more parlor tricks but I'd got the best machine. He knew it."

The boy leaned forward and his eyes sparkled with the memory.

"Y'know what that son-of-a-gun did—he lured me over their Archies. First thing I know a puff shrapnel let off below me, then one above, then one of my port side. I turned her nose up and got out of their reach. Meantime I'd lost sight of my Fritz.

"Then I got an idea. I began to wobble like I was hit. Began to fly like lame ducks was Eagles compared with me. And it worked. He barged right out of a nearby cloud and opened up on me. I swung over him—two struts and a landing wire cut clean off. I whirled—and let Lizzie sing her favorite hymn to him. He swerved and began to settle. Then his machine caught fire and began to whirl like a falling leaf.

"Only then I felt my arm stinging and a funny feeling across my back. He'd got me with his first beltful.

"I turned back toward home. 'Bout twenty feet from the ground I lost control—probably fainted—and ruined our flower patch. Had bullet in arm, skin wound across the back and sprained leg in the bungled landing. That's what sent me over here. "But let me tell you, old man—and put it in the paper—I wasn't fighting that particular Fritz, it was the whole outfit of skunks that bomb defenseless cities and kill women and children.

"Now let me buy you a drink for boring you."

HOOSIER BRIEFS

Greensburg—The entire city was shaken when an over-charge of nitro-glycerine let go in a well. The explosive was being used to enlarge the well.

Seymour—Scarcity of homes for rental purposes in Seymour is becoming serious. It is practically impossible to rent a house or even a business place.

STUNT OF PILOTS  
IS TO PLAY DEAD

Aviators Have Mastered Fake Fall  
so That it Appears to be Real  
to Enemy.

ARE FREQUENTLY DECEIVED

Whenever Possible Victor Follows  
Falling Plane as Far as Possible  
to Make Sure.

By WILLIAM PHILLIPS SIMMS  
(U. P. Staff Correspondent.)

With the British Armies in France, Sept. 27. (By Mail)—It is not only the smart dog that knows how to "play dead and roll over." Battle-plane pilots out here do it every day, both British and German. It frequently happens that it is only by playing dead that they keep alive.

When planes are fighting high in the air and one suddenly finds himself in a tight corner, he "plays dead." That is, he shoots vertically up into the air turns over on his back and literally falls, head first, rolling over and over, simulating all the motions of a plane whose pilot has been killed and which is utterly out of control. So deceptive are these movements that it is impossible to tell the difference very often from the real thing.

Today I saw a good example of how this "playing dead" works out. Lieut. A flying at an altitude of three miles, well above the clouds, encountered two enemy machines. He dived at the nearest and at short range fired a short burst into it from his machine gun. It pitched on its nose, and with smoke coming out of its fuselage, went plunging and spinning into the clouds below.

It so happened that a pilot belonging to an entirely different squadron happened to be patrolling under the clouds above which the fight took place. In his report he mentioned seeing an enemy plane, of a certain type, fall in flames out of the clouds over his head and burning fiercely, crash to the earth at such and such a spot.

As both time and place and the circumstances coincided exactly with the report of Lieut. A, Lieut. A was credited with bringing down the German plane. But for this accident his fight would have netted his record nothing.

Whenever possible the victor in a fight in the air follows the falling plane to the ground and actually sees it smash to bits. When this happens to onlookers on the grounds, it appears exactly as if both planes are falling for the one which follows must put his plane into a "nose spin" and fall in the wake of the other like a stone. It is only when the pursuing plane sees his victim crash that he, at only a few hundred feet from the ground "flattens out" and swoops up into the sky again. Sometimes, to make sure, the pursuer fires 50 or 100 rounds at his falling opponent as he falls in his wake to make sure that the spin is real and not just a wily pilot "playing dead." So it sometimes happens that a fall begins by a pilot "playing dead" and ends in it becoming genuine. In these cases the victorious pilot will never know whether he was firing at an enemy trying to escape or into the back of a dead man.

Amusements

Baseball fans will enjoy the photoplay at the Princess this evening. It is entitled "One Touch of Nature," and interweaves the interesting romance in with bits concerning baseball. John Drew Bennett takes the lead and John J. McGraw of the New York Giants and Viola Cain are in prominent parts. The story of a man with two different natures is told in the film to be shown Monday afternoon and evening, "The Brand of Satan." Montague Love and Gerda Holmes have leading roles.

The ladies of the M. E. church of Glenwood will have a masquerade special at Osborne hall, Tuesday evening. Grand march at 8:30. Ice cream and oysters, and a general good time including musical entertainment will be held. 1942

Sign Your Country's Food Pledge—This Is It:

CUT OUT CAREFULLY ALONG THIS LINE

Pledge Card for United States Food Administration

If You Have Already Signed, Pass This On To a Friend

TO THE FOOD ADMINISTRATOR:

I am glad to join you in the service of food conservation for our nation and I hereby accept membership in the United States Food Administration, pledging myself to carry out the directions and advice of the Food Administrator in my home, in so far as my circumstances permit.

Name \_\_\_\_\_

Street \_\_\_\_\_

City \_\_\_\_\_

State \_\_\_\_\_

There are no fees or dues to be paid. The Food Administration wishes to have as members all of those actually handling food in the home. Anyone may have the Home Card of Instruction, but only those signing pledges are entitled to the Membership Window Card, which will be delivered upon receipt of the signed pledge.

Cut this out carefully and send it to the Federal Food Administrator, Room 20, State House, Indianapolis, Indiana.

Do not send it to Washington. Send it to Indianapolis.

This is the same as the pledge card, and just as official. Do not sign this if you have signed a pledge card. Do not sign a pledge card if you sign this.

When you send this in, with your name and address, you will be sent free: (1) a handsome three-colored window membership card to show that

you are trying to live up to the suggestions of the food administration at your house; (2) an interesting and valuable book of suggestions and recipes, entitled "Ten Lessons on Food Conservation"; (3) a wall card to hang in your kitchen, entitled "The Kitchen War Creed," to show you how you can help win the war in your own kitchen if you wish.

And the food administration will mail you other helpful things later, perhaps.

To sign this card is a patriotic privilege. It will make you a leader

in your neighborhood in the task of saving certain foods for our soldiers and our allies.

Sign this card. Show Mr. Hoover you are with him. Hang out your window membership card when it comes. Read the interesting literature that will be sent you.

The government is not going to ask for your canned goods or for anything else, because you sign this card. You incur no obligations. You merely promise to study the problem of "food saving to win the war" and do what you can to help.

Questions

that are frequently asked about

The Aeolian Vocalion  
PHONOGRAPH

Do you have to change the needles?

No, you do not. That is, if you are content to play one brand of records exclusively.

Does it play any record?

Yes, it plays any disc record that is made, and plays it well.

Do you have to stop it?

No, it stops automatically.

Do you have to muffle it to obtain the soft tones

No, it is provided with what is known as the Graduola, with which you may grade the tone to suit your fancies.

If you are in the market for a new Phonograph, you will do well to investigate the **NEW AEOLIAN VOCALION** Before You Buy.

Let us put one of these Instruments in your home for a few days, so that you may see the real pleasure of playing an Aeolian Vocalion. After having played one of these wonderful instruments, you will never be satisfied with anything else, and they cost no more.

Mr. and Mrs. Harry McMillin and family entertained with a dinner party last evening at their country home northeast of this city. The elegant dinner was served at six o'clock, in four courses. The attractively laid table was centered by masses of yellow and white chrysanthemums and the same chosen color scheme was used in all of the appointments of the dinner. Dainty handpainted place cards suggestive of Hallowe'en marked the places for Mr. and Mrs. Ferd Retherford, Mr. and Mrs. Will Amos, Mr. and Mrs. Herman Tompkins, Mr. and Mrs. B. O. Simpson, Mr. and Mrs. Wilbur Stiers, Mr. and Mrs. J. Vincent Young, Mr. and Mrs. Hugh Maunz and Mr. and Mrs. Louis Lambert. After dinner the guests spent a delightful evening over Bridge.

The Ladies Musicales will open their regular sessions for the winter with a meeting in the courthouse assembly room, Monday afternoon at 2:15. The program will consist of a series of selections from "Music in Italy." An illustrated paper will be read by Miss Jennie Madden telling of the music in the early churches of Italy and up until the modern opera. Among the most popular selections which will be given are La Tosta, La Bohème, La Traviata, Aida, I Pagliacci, Cavalleria Rusticana, San Ramada and Il Trovatore. A large attendance is especially desired to be present.

Mrs. George Hogsett was the guest of honor at a delightful little affair given yesterday afternoon by Mrs. Carl Gunning at her home in West Tenth street, when the members of Psi Iota Xi were the guests. Early in the afternoon, Mrs. Hogsett was presented with the shower gifts, quite a collection of useful and pretty presents. The hostess served a dainty one course luncheon late in the afternoon. Miss Erema Wilk is entertaining the members of Psi Iota Xi at an informal tea at her home in North Harrison street tomorrow afternoon.

Mrs. Harry Culbertson was the gracious hostess yesterday afternoon, when she entertained the members of the Friday Afternoon Embroidery club at her home east of Glenwood. Nine members of the club and one guest, Mrs. Alice Jeffry were present. The guests spent a delightful afternoon chatting over their needlework and the hostess served splendid refreshments.

Honoring the 29th wedding anniversary of Mr. and Mrs. T. W. Becker, Mr. and Mrs. Will Frazee gave a delightful little dinner party last evening at their home in West Third street. A pretty center bouquet on the table was composed of chrysanthemums and smilax. Mrs. Ed Crosby was also a dinner guest.

At the business meeting of Psi Iota Xi held in the director's room of the Rush County National Bank, it was decided to purchase a Liberty Loan bond in the name of the sorority. Final plans were also made for conducting the distribution and signing of cards during Food Conservation week.

All of the members of the Social Dozen club and a few guests were entertained by Mrs. J. T. Arbuckle yesterday afternoon at her home in East Seventh street. Dainty refreshments were served after the pleasant hours over needlework.

Miss Jeanette Clark of this city went to Muncie last evening to attend the wedding of Miss Sarah Jackson and Ray Clark which occurred today.

# WILL REPORT EXTORTION

Sugar Consumers to Name Merchants Practicing It.

(By United Press.)

Indianapolis, Ind., Oct. 27.—Sugar consumers in Indiana were called upon by Dr. H. E. Barnard, Hoover representative in Indiana, to report to him every dealer selling sugar at more than ten cents a pound. The names procured will be made public and people asked not to patronize the merchants.

tend the wedding of Miss Sarah Jackson and Ray Clark which occurred today.

Miss Grace Buell will be hostess for the Friday Afternoon Embroidery Club at her country home on Friday afternoon of next week.

The S. E. T. Club will be entertained on next Tuesday afternoon by Mrs. Harry Kramer at her home in West Third street.

## 4 MEN ARE ARRESTED ON SEVEN CHARGES

Continued From Page 1  
step-son, Jesse Vandiver, at their home in Glenwood a week ago Sunday when Dudgeon is reported to have hit Vandiver with a stove poker.

The case of Frank Green, charged with defrauding an inn keeper, was dismissed from the criminal docket today. Will Nicholas, proprietor of the Windsor hotel, was the prosecuting witness. The case was appealed from a justice of the peace court by the state.

The case of Thomas Kemp, charged with petit larceny, was transferred from the criminal docket to the juvenile court.

Defendants defaulted in three divorce suits and in each case the prosecutor was ordered to appear. The cases in which this step was taken were: Manford A. Stevens against Ada Stevens, Leora Clevenger against Ira Clevenger and Emma Stevens against William S. Stevens. The suit of Lula Morris and Elbert H. Morris for a divorce, support and \$1,000 alimony, was dismissed today at the costs of the plaintiff. Evidence was heard in the divorce suit of Luella Clarkson against Enoch Clarkson.

In the partition suit of A. P. Wellman against Mariame Wellman and others, the court approved the sale of real estate and the deed. The case of Harvey M. Cowing against Oliver Wagoner on a note, in which \$75 was demanded, was dismissed and the costs paid.

## COUNTY GOES BEYOND ONE MILLION POST

Continued From Page 1  
time, except one report, when she dropped back to fifth place.

Rush county maintained her position still in the report which was received this morning. It covered all subscriptions reported to the close of business Tuesday evening. At that time the county had \$600,000, which was credited as 67 per cent of the maximum quota.

Rush county was preparing to celebrate this afternoon over her success by firing off some daylight bombs sent here from Liberty Loan headquarters at Chicago, but it was doubtful whether they would be fired if the rain continued to fall as it has most of the day.

## RUSH COUNTY IS CALLED ON TO RAISE \$132

Continued From Page 1  
Association to execute it under their direction. W. G. Irwin, widely known banker and manufacturer, of Columbus, was named treasurer of the fund, and John E. Northway, president of the Indiana Commercial Secretaries' Association, will direct the campaign to raise the money.

## DRIVE FOR SIGNERS WILL OPEN SUNDAY

Continued From Page 1  
government is going to ask for any of your canned goods or anything else like that," said Food Administrator Barnard yesterday. "The government is not going to ask or demand anything. It is simply going to make helpful suggestions. When you sign the pledge it means that you are going to be a 'voluntary saver' of wheat, meat, sugar and fats—that you are going to use as many substitutes for these things as possible, so we can send more wheat, meat, sugar and fats to our allies. It means that you are going to read the book 'Ten Lessons on Conservation' and try to follow its suggestions. It means that you are going to hang the kitchen 'War Creed' in your kitchen, and the patriotic membership card in your

window. Hang out the window card and show you want to help Hoover get more wheat, meat, sugar and fats for the starving people of Europe."

Notwithstanding the tremendous amount of conflicting activity in all

lines, including other war preparation and municipal politics, the state food commissioner and his aides in this great drive for co-operatives, volunteers in the one movement whose success is most essential for the success of the nation

and her allies against German autocracy feel that the women of Indiana will respond nobly and promptly and the reputation the state has already established of being a leader in war work will be more than sustained.

# America Locks World's Pantry Against the Kaiser

The newspaper press of America, as shown in the very comprehensive article which occupies the leading place in the issue of THE LITERARY DIGEST for October 27th, is generally concerned with the thought that the absolute embargo now jointly decreed by England and the United States against Germany's neutral neighbors is, in the words of the New York Sun, "the deadliest of all weapons for the destruction of Germany," and one which she fears, according to The Tribune, New York, "even more than the drum-fire of the battlefield." The war is now "blockade against blockade," declared Deputy Lemery, of the French Parliament, a few days ago, and at the recent Allied conference in London, it was stated that the new blockade formula, if strictly applied, "will make it impossible for Germany to continue the struggle."

For a full account of the probable effect of the Allies' embargo action upon Germany, do not miss reading "The Digest" this week. Among other topics that will engage your interest in this number, are:

## "Digest" Readers Don't Have to Guess the Facts—They Know Them

When you discuss politics, or the war, or literature, or art, or science, are you able to do so intelligently and broad-mindedly? Do you think for yourself on all these questions or are you simply an echo of your pet editor, a pale reflection of the opinions advanced in the columns of your favorite newspaper? If you are not already an independent thinker, weighing facts for yourself and drawing impartial deductions from them, it is high time

that you become one. No periodical will help you to this so well as THE LITERARY DIGEST. This greatest of modern news-magazines gives you, in their own words, the views of all the principal publications, at home and abroad, thus setting before you the great issues of the day from every angle of view and in the most readable form. It makes no attempt to influence your judgment. It simply offers you an impartial record. The rest is up to you.

October 27th Number on Sale To-day—All News-dealers—10 Cents

Clerk, Loring Miller.  
Lunch furnished by the Bentonville Sunday School.  
Oct 25-26-27.

## KITCHEN AGAIN CENTER OF HOME

Housewives Take New Interest in Cooking Because of Conditions Due to War

### KITCHEN IS IDEAL WORKSHOP

Preparation Of Food Is No Longer Only an Art But it is a Real Science

(By United Press.)

Indianapolis, Ind., Oct. 27.—“The kitchen is once more the center of the home, as the result of war work,” Dr. H. E. Barnard, federal food administration representative in Indiana, stated today.

“The war has restored the kitchen to its pioneer importance as the center of the home,” he said. “A woman is rich or poor nowadays according to her kitchen activities. For years kitchen work has been losing its importance in home making. Many have lost interest in the most important work in the home. How many housewives will confess ‘I love to make salads, but I loathe dishwashing?’ Now comes war’s necessities and all kitchen work even conscientious dishwashing becomes a patriotic service. Food administrator Hoover has told us over and over again how the little savings in the kitchen multiplied by the twenty million kitchens in this country will conserve enough food to feed our suffering allies.

“Many women who for years have been content to leave their kitchen in charge of a servant have rediscovered that it is an interesting place during the long hours they have put in canning and conserving food for next winter’s use. They see the drudgery of kitchen work through clearer glasses and realize as they have never done before that it is not the work but the way the work is done which makes it a servile task. After all the kitchen is only a practical working laboratory in which the cook takes the complex chemical compounds, such as meat and flour and turns them into other compounds which are transformed in the wonderful laboratory of the body into heat and energy.

“To be able to prepare food in such a way that it is wholly satisfactory for the body’s needs is more than an art, it is a real science. Our war for democracy is reaching down into every home. It is rescuing us as a people from the depths of selfishness and carelessness into which we had fallen. It is reaching into every kitchen and transforming it into a place where labor becomes service and the simplest duty a definite contribution to the immense effort necessary to bring us victory.”

### NOT TO GO ‘TIL NEXT MONTH

Men Transferred From Camp Taylor Will Not Leave at Once

Word received this morning from William L. Reneau, Company C, 334th Infantry, Camp Taylor, Ky., formerly of Carthage, is to the effect that the men mentioned yesterday as having been transferred to Camp Shelby at Hattiesburg, Miss., to fill up the ranks of the national guard, will not go until November 2 or 3. The men transferred were notified of the change yesterday by Captain George N. Unger of Company C. It is understood that some more Rush county men may be transferred because there are yet 3,000 men to be sent from Camp Taylor to Camp Shelby.

### BAKER'S FISHING HOLE NOW PROVING GROUND

Washington, Oct. 27.—Because Secretary of War Baker used to fish in a creek called Long Branch in Maryland, the new government proving ground is to be called Long Branch proving ground. It is located at Gunpowder Neck which is regarded as a suitable name. Aberdeen, the name of the nearest village, was rejected. Baker then recollected that as a boy he fished with a pin-hook in Long Branch in the immediate vicinity. “That’s the name,” Baker said.

## INDIANA PLAYERS ON FOREIGN GROUND

University Eleven Is Without a Game at Bloomington—Will Meet Ohio at Washington Park

### GIANTS AT CRAWFORDSVILLE

Indianapolis, Ind., Oct. 27.—Indiana’s football players were again on foreign territory today.

The Purdue eleven was at Urbana for the game with Illinois and will attempt to come back after the defeat of last year by the Sucker eleven by a 14 to 7 score.

At Bloomington the Indiana team is without a game but the men were not idle. They were busy working for the big game next Saturday with Ohio at Washington park in this city. Depauw warriors were in St. Louis for a game with St. Louis university. The Methodists were confident of being able to lick St. Louis team following Indiana’s success in beating them, 40 to 0.

The Little Giants will be “at home” meeting Transylvania at Crawfordsville.

### With The Churches

On account of uncertainty over the diphtheria epidemic, there may be no evening services in the churches. They are announced today but may be abandoned.

Services for the First Presbyterian church for Sunday are: 8:00 “Quiet Hour”; 10:30 Divine Worship, with preaching by the pastor and music by the choir; 7:00 p. m. regular evening worship; prayer meeting Thursday evening at 7:30.

Sunday school is held at the Glenwood Christian church every Sunday at 10 a. m., with T. G. Richardson as superintendent. Preaching services are held morning and evening every fourth Sunday, with the Rev. Moody Edwards, the pastor in charge.

Homer Christian Union church—Sabbath school at 9:30 a. m.; no other services during the day, on account of the revival meetings at Rays Crossing, which will continue over next Sunday. Revival effort at the Homer church to start Thanksgiving day. Public cordially invited. The Rev. P. O. Ortt, pastor, Manilla, Ind.

Manilla Methodist church, F. M. Westhafer, minister: Bible school, 9:30 a. m.; preaching by the pastor at 10:30 a. m. and 7:30 p. m. Everyone is earnestly invited to attend these services and also at Pleasant Ridge where Sunday school is held at 2 p. m. and preaching at 3. Epworth League every Tuesday evening at seven o’clock.

There will be no Sabbath school at the United Presbyterian church, but morning worship at 10:45 with preaching by the pastor on the subject “Our Nation at Prayer.” There will be no young peoples’ meeting and at seven o’clock the pastor will preach on the subject, “Protestant Reformation and the Bible.” Prayer meeting Thursday night at 7:30.

St. Paul’s Methodist Episcopal church the Rev. Clyde S. Black, pastor; Parsonage 424 North Morgan, phone 1262. The pastor will preach at 10:30 a. m. on the theme, “The Boundless Prayer of Faith.” There will be no meeting of Epworth League no meeting of the Epworth League. Your presence at the preaching services is earnestly desired. Evening worship at 7:00, sermon subject, “The Great Confession.” No Sunday school.

First Baptist church, C. J. Bunnell, pastor, residence 612 North Morgan, phone No. 1911. The quarantine is still in force and the little people are not supposed to be in Sunday school, but the classes over twenty-one can meet if they desire. Morning preaching service as usual, at 10:45, theme for the sermon, “Lessons to be Learned From the Insect World.” The service at the evening hour will be in the nature of an evangelistic meeting. The meeting which was announced for the afternoon will be postponed one week.

## MEN AND WOMEN TO CONSERVATION SUNDAY AID CONSERVATION IS TO BE OBSERVED

"Eat All You Want" is Slogan But Conserving of Wheat, Meat, Fats and Sugar is Urged.

### FOOD SERMONS ON SUNDAY

America is Able to Supply Commodities to Make up Shortage if Everyone Will do Their Bit.

(U. P. Staff Correspondent.)

By GEORGE MARTIN

Washington, Oct. 27.—An army of 500,000 men and women is forming under the food administration today to go out and tell America's 100,000,000 people to eat all they want. All it asks is that they conserve the few needed war foods: wheat, meats, fats and sugar. Most folks have had the idea that the Food Administration was trying to cut down the size of the average American's meals.

"Not at all," said the Food Administration today. "All we're to do is to get people to eat more of the good things of which we have an abundance, and less of the necessary war foods we haven't so much of. This good news will be carried to everyone of America's 22,000,000 front doors by this volunteer army between October 28 and November 4—National Food Pledge Week.

The 100,000 ministers of America will start the campaign by preaching War Food Sermons Sunday, October 28. The army will go out the following day ringing doorbells, that "first line of defense" in the cozy trenches of American homes. Leading these bread-butter-and-beef battalions will be the War Mothers of America: women whose fathers, sons, sweet-hearts or husbands are at the front or on their way there; than whom, the Food Administration feels, there is none better fitted in America to carry the message of war-time meals to that strategic stretch of domestic terrain between the pantry and the kitchen range.

The idea the Administration wants to stress is that it is not asking anyone to eat less food, but merely to eat different food. There is, it points out, plenty of excellent food for everyone. The only thing, there is a shortage of some foods that can be compactly shipped abroad and which contain tissue and energy building elements that are vital to the fighting power of our own and Allied soldiers.

By this, the administration pointed out, it means that no soldier can fight effectively when he feels in his heart that his women and children are hungry at home. The administration feels that it is a vital part of this country's war duty to see that the civilian populations of Allied Europe are kept fed and contented.

The Food Administration also made clear why it is urging the saving of these war-foods as a voluntary campaign. "It is because," said a Food Administration official today, "America is a democracy; and a democracy's people are presumed to be intelligent and patriotic enough to do their duty by their country promptly as soon as they see it. In Europe, particularly in Germany, the people's patriotism is not trusted. Their supplies are seized and doled out to them by a master. Nothing is left for the individual to decide. There is an enforced patriotism. Ours, voluntary.

The Food Administration is striving to make sure that the United States does not run short of wheat, meats, fats, milk or sugar to send to our Allies and our armies in Europe. A continued shortage of these things will give Germany a much better chance of winning the war by weakening the fighting powers of the Allies.

America is the only Allied nation in position to supply these vital commodities to make up the shortage. The only way America can do it is by every individual American doing his or her bit of personal conservation.

One pound less wheat flour per week per person means 133 million bushels of wheat saved this year for the fighters. One-third of an ounce per day less meat fats per person means 395,000 tons of fats saved in the year. One ounce less of the needed meats per person per day means 4,400,000 meat animals saved in the year. An ounce less sugar per

Public Mass Meetings Will be Held and Means of Substituting Foods Will be Explained.

### MERCHANTS TO AID BARNARD

Indianapolis, Ind., Oct. 27.—"Conservation Sunday" will be observed in church circles throughout the state when the food conservation week campaign will be launched.

Most ministers of the state have promised to deal with the food questions and emphasize the necessity for food conservation in their sermons tomorrow.

During the week, special efforts will be made to procure the million signatures of Indiana women to the Hoover food organization.

Two days of the week will be meatless in patriotic households—Tuesday and Friday. Wheatless dinners will be served all week. Corn bread will be the fashion. Merchants in the state are co-operating with Dr. H. E. Barnard, director of the campaign, by arranging special window displays and decorations urging food conservation.

Public mass meetings will be held on Wednesday in practically every city, where speakers will explain means of saving food and general food questions will be discussed. The meetings will be held under the auspices of the county councils of defense and the commercial clubs or other business men's organizations.

day per person means 1,185,000 tons of sugar saved in a year and probably a lower retail price of sugar for everybody.

The only things you are asked to conserve are wheat bread, sugar, candies, cream, butter, bacon, pork, lard, suet, animal fats such as beef drippings, milk, wheat, beef, veal and mutton.

It is this idea Food Pledge Week is being organized to bring home to the front doors of America's 22,000,000 homes.

### County News

#### New Salem

The patriotic meeting held at the Auditorium Wednesday afternoon was well attended.

Maurice, the small son of Mr. and Mrs. John Frisbal of Marion, who has been ill at the home of Mr. and Mrs. Anderson, is very much improved.

Mrs. William Dausch is taking treatment for rheumatism at Martinsville.

Mrs. Bessie Williams was hostess to the R. M. C. club Wednesday afternoon. All of the members were present except one and light refreshments were served.

Mr. and Mrs. John Mock, Mr. and Mrs. Herbert Holden, Mr. and Mrs. Henry Miller and Mrs. Miller of Napoleon went to Ohio Friday to attend the funeral of Mrs. Mock's mother.

Mr. and Mrs. William Stevens and Mr. and Mrs. Jerry Weir and son Carlos spent Sunday as the guests of relatives at Bloomington.

There was no meeting of the Red Cross here this week. Next Friday, November 2 there will be an all day meeting and a pitch-in dinner at the home of Mrs. Sylvester Colvin. All Red Cross workers of the southern part of Noble township are requested to be present.

The R. M. C. club of New Salem will give a box social, Tuesday, October 30, at the auditorium for the benefit of the Red Cross. All that desire to attend, come masked. Other refreshments will also be served.

#### WOMAN BEFORE MAYOR

Mrs. Ira Clevenger was arraigned in police court before Mayor Bebout this morning on a charge perferred by her husband of having illicit relations with another man. She pleaded not guilty and the trial was set for next Wednesday morning at nine o'clock.

Anderson—Walter Haven was arrested charged with interfering with recruiting when he tried to dissuade two young men from joining the army.

Rushville, Indiana

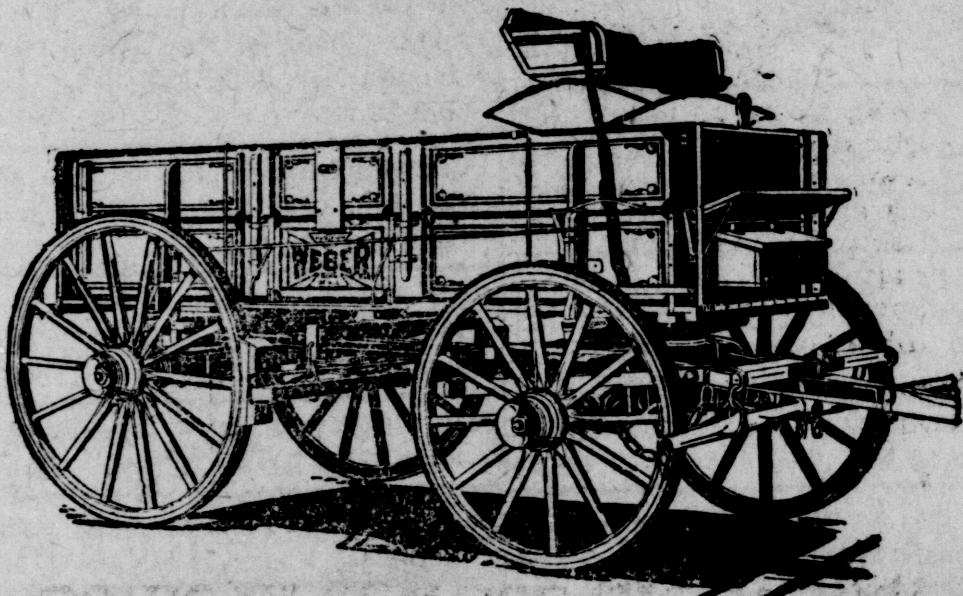

The Rush County National Bank is giving 12 Gold Medals for the 12 Best Essays on the History of

### The American Flag and What It Means to You

This contest is open to every student in this city and vicinity. One Gold Medal has been assigned to each grade in the school from the First Grade through the High School to be won by a student in that Grade.

Booklet containing the History of the American Flag from its inception to the present time and notable instances regarding it are being distributed free by the Rush County National Bank. All rules governing the Contest are printed on the Booklets. The Medals are on display at the bank. Come, see the medals and get a booklet.

We are also giving Two Special Medals for the best pen drawing of the American Flag and would like to have every student in our schools compete.

### Come In and See the Weber Here Are More Big Points

YOU will be interested in looking over the hound, hub, skein and skein box construction. On the Weber the hounds are of straight-grained oak; on the front gear they are of the same type, wide and roomy in the rear, to give the reach ample support in turning short. They are mortised and well braced with solidly welded steel. Hubs are of white oak only, turned, shaped and bored accurately for the skein boxes. Skein box is made so that a grease chamber is formed. A solid collar keeps the oil away from the wood of the hubs. Mud and sand cannot get into the axle and the skeins cannot wear into the skein boxes. That means long life and good service.

These are all reasons why you should have a Weber wagon—that is—if you want a wagon for real work. Come in and let us show you.

## COUNTY GOES BEYOND ONE MILLION POST

Lives up to Expectations And Sub-  
scribe \$1,000,050 to the Liberty  
Loan

\$56,050 OVER HER QUOTA

Farmers Are Being Congratulated by  
Splendid Way They Helped in  
Victory

HALF MILLION ON FIRST ONE

Over Million and a Half Invested in  
Liberty Bonds Now Owned in  
This County

68 PASS MINIMUM

Indianapolis, Ind., Oct. 27.—  
Sixty-eight Indiana counties in  
the seventh federal reserve dis-  
trict today passed their mini-  
mum quota in the Liberty Bond  
campaign. The quota of \$50,-  
500,000 had been exceeded by  
\$21,300 at noon with reports of  
further progress arriving from  
all parts of the state.

Rush county went over the max-  
imum in the Liberty Bond campaign  
today and exceeded expectations by  
subscribing more than one million  
dollars for bonds. It was predicted  
yesterday that the county would  
pass the million dollar post and  
bankers and others who have had  
an active part in the campaign were  
elated at the showing the county  
made.

The subscriptions reported up  
to today amounted to \$1,000,050.  
This is \$56,050 above the county's  
maximum of \$944,000. The mini-  
mum was reached only Wednesday,  
so it is plain what strides the coun-  
ty has made in disposing of the  
bonds in the last three days.

Rush county took over a half mil-  
lion dollars worth of bonds on the  
First Liberty Loan of 1917. This  
discloses that there are now more  
than one and a half million dollars  
of Rush county money invested in  
government bonds.

Everyone was praising the farm-  
ers today for the remarkable way  
in which they came to the front and  
subscribed to the loan. Although  
the campaign seemed a bit slow in  
starting, Rush county showed how it  
can finish. Even though seemingly  
slow, Rush county has been right up  
in the front rank of the sixty-nine  
Indiana counties in the seventh fed-  
eral reserve district. She started  
out in tenth place, counting per cent  
of quota subscribed, and moved up  
to third place and held it all the

## CYCLONIC FINISH TO LIBERTY LOAN

Campaign Promises to Pass Billion  
Dollars Final Day, Washing-  
ton Reports—

MANY SMALL SUBSCRIBERS.

(By United Press.)

Washington, Oct. 28.—In a cy-  
clonic finish the Liberty Loan cam-  
paign is surpassing all previous re-  
cords and promises even to exceed  
expectations of a billion dollars the  
final day.

The most gratifying phase of the  
race down the home stretch was the  
large number of individual sub-  
scribers of small means.

Thirteen million Liberty Bond  
buttons have already been distrib-  
uted and banks are clamoring for  
more. This would indicate that ten  
million subscribers would be reach-  
ed by midnight tonight.

## FIRE STARTS IN THE ROOF

Home of Charles Glover in West  
Third Street Damaged

The home of Charles Glover in  
West Third street was damaged by  
fire last night when the roof caught  
fire from a defective flue. The fam-  
ily was away from home and a  
neighbor saw the blaze and called  
the fire department. The house be-  
longed to R. L. Tompkins and was  
damaged about \$300. The house-  
hold goods were also damaged by  
water. The fire department had to  
throw considerable water because  
the fire, although small, was a stub-  
born one.

## DRIVE FOR SIGNERS WILL OPEN SUNDAY

County Thoroughly Organized For  
Food Conservation Week—  
Daily Reports be Made

MRS. STEWART TO WIRE TOTAL

Girls Will be Stationed in Stores to  
Get Signatures—Schools to  
do Their Part

Every woman in Rush county will  
have many opportunities to sign the  
Food Conservation cards which will  
be distributed next week during the  
observance of Food Conservation  
week. Plans are perfected for can-  
vassing the entire county and for  
keeping it before the women of the  
city each day during the week.

On Sunday, October 28, or Sun-  
day, November 3, each church in  
the city will devote a part of its  
service to food conservation and  
the women present will be given an  
opportunity to sign the cards.

Friday of next week will be Food  
Conservation day in the schools, on  
condition they are opened. Girls will  
be in the downtown stores all during  
the week, giving women an oppor-  
tunity to sign the cards. The Psi  
Chi Xi sorority will have charge  
of the cards in the city.

Two girls will be in one of the  
downtown stores, frequented by  
women, on every day during the  
week and on Saturday, a commit-  
tee of girls will be in each of the  
stores where women shop. The  
cards will also be given to the school  
children, in case school is opened,  
asking them to see that their mother  
signs the card.

At four o'clock each afternoon,  
Mrs. A. L. Stewart the woman mem-  
ber of the County Council of De-  
fense, who is at the head of the  
conservation work here, will wire to  
H. W. Barnard, Federal Food Com-  
missioner for the state, at Indi-  
anapolis as to how many cards  
have been signed here that day. Mr.  
Barnard will in turn wire to head-  
quarters at Washington the total  
returns of the state and the total  
for the nation for each day will be  
known in this way. The aim for the  
week is that 1,000,000 women may  
pledge to do their part toward  
Food Conservation. The fact that  
600 women signed the cards at the  
Rush county fair may decrease the  
total for the week in this county,  
although other counties made the  
same drive this fall.

Practically all of the township  
committee women for the week have  
reported to Mrs. Stewart that the  
cards have been distributed among  
the canvassers, the sub-committees  
appointed, and all was ready for the  
drive next week for women signers  
to the cards. The townships have  
co-operated excellently in this and  
all other war activities managed by  
the Council of Defense. Mrs. Ste-  
wart stated. The advertising in  
the townships has been conducted  
on the same principle as in this city  
and is being done thoroughly.

The result of signing the cards is  
sometimes misunderstood. The  
pledge card does not mean that the

## American Troops Are in The First Line Trenches

American Batteries Are Behind Them and First  
Shot is Fired Against Germany. Associated  
With Veteran French Troops

### CASE OF FIRST SHELL SENT TO WILSON

(By United Press.)

American Field Headquarters,  
Oct. 27.—American troops are in the  
first line trenches and American  
artillery is behind them.

Official announcement of this fact  
was made in the following statement  
from headquarters today:

"In continuation of their training  
as a nucleus for the instruction of  
later contingents, some battalions  
of our first contingent in association  
with veteran French battalions are  
in first line trenches on a sector that  
is quiet.

"They are supported by some bat-  
teries of our artillery in association  
with veteran French batteries. The  
sector remains normal. Our men  
have adapted themselves to actual  
trench conditions in a most satis-  
factory manner."

With American "Sammys" fight-  
ing in the trenches side by side with  
French poilus, a red head artillery  
captain and his husky gunners will  
share the honor of firing the first  
shell sent by an American gun in  
the war to establish democracy in  
the world.

The captain gave the gunner a  
command—the gunner jerked the

lever and America's first shot  
against German autoeracy screamed  
toward a German battery. It was  
precisely at six o'clock. The morn-  
ing was a misty one.

The American infantry restlessly  
waited during a certain day while  
the American gunners were thus  
taking part in the work. They re-  
mained in their billets behind the  
lines until evening. Then they swung  
through the rain-swept muddy street  
of a tiny village, their shadowy  
forms disappearing towards the  
trenches.

Some attempted to sing, "Tramp,  
Tramp the Boys are Marching." It  
was just started when other shouted  
up, "Shut up, the Boches will hear  
you." Then silence fell except for  
the rumbling of the rolling kitchen  
that kept pace with the shuffle of  
feet of the marching detachment.

The shell case of the first shot  
fired for America in the world's  
greatest war is enroute to President  
Wilson. Major General Sibert or-  
dered that it be preserved for him.

Just five civilians, all newspaper  
correspondents, witnessed the first  
American troops marching to the  
trenches.

## STILL EXPECT TO REOPEN SCHOOLS

Officials to Resume Work as Only  
One Case of Diphtheria Has  
Been Reported

QUARANTINE STILL IN EFFECT

Although plans are subject to  
change at the last minute, the school  
authorities are preparing to open the  
city schools on Monday. No new  
cases have developed in the last few  
days with the exception of Miss  
Marie Flodder, whose case did not  
develop recently but only yesterday  
came under the notice of physicians.

The quarantine will affect the  
church services tomorrow, all per-  
sons under 21 being barred from at-  
tending. There will be no young  
people's meetings and only the adult  
Sunday school classes will meet.

The diphtheria situation in Con-  
nersville is also causing alarm. Two  
more cases of diphtheria and six  
diphtheria-bearers were found there  
yesterday and all of them have been  
quarantined. All of the cases were  
school children. Dr. Sample, secre-  
tary of the city health board, stated  
that should the epidemic grow  
worse, it would be necessary to take  
precautions, similar to those which  
have been taken in this city.

## FALLS AND BREAKS HIP BONE

Mrs. James Hinchman Found on  
Back Steps of Her Home.

Mrs. James Hinchman of East  
Sixth street suffered a broken hip  
bone and was exposed to the weather  
for more than a half hour yesterday  
evening when she fell on the back  
steps of her home as she was enter-  
ing. She could not get into the  
house after she fell and neighbors  
finally heard her cries for help and  
came to her assistance. On account  
of her age, her condition is regarded  
as serious.

### FUEL HEAD FOR HENRY.

(By United Press.)

Newcastle, Ind., Oct. 27.—Charles  
Marsh of Newcastle was named fuel  
director for Henry county today.

## SKELETON FOUND IN OLD TAVERN WALLS

Whether it Was Once Body of Per-  
son Can Not be Determined—  
Log House 100 Years Old.

TORN DOWN IN JERSEY CITY

While tearing down an old log  
house near Noah Matlock's house in  
Jersey City yesterday afternoon,  
workmen found a skeleton between  
the walls which may have been the  
body of a man. Whether any mur-  
der was ever committed in the old  
house years ago or whether some  
mystery surrounds the place, is not  
known to the present generation, be-  
cause the old log shack is almost a  
hundred years old.

Some residents of Jersey City es-  
timated today that the old house had  
been built at least ninety years and  
possibly a hundred. It was the first  
tavern ever built in Rush county and  
probably was the oldest house in  
the county. The tavern was used  
much by travelers from the west on  
their way to Cincinnati, which was  
the principal market of this section  
of the country at that time. It was  
used as a tavern and enjoyed a prof-  
itable patronage in the years before  
there was a railroad passing through  
Rushville.

## BURNED FIRING OFF BOMBS

Chase Taylor Hurt While Celebrat-  
ing Over Liberty Loan

Chase Taylor was seriously burn-  
ed on the left hand and arm about  
3:40 o'clock this afternoon while  
helping Ray Lakin fire off daylight  
bombs in the court house yard, cel-  
ebrating Rush county's success in  
passing her maximum quota on the  
Liberty Loan. The burn was very  
severe and it will be some time be-  
fore it is known what the conse-  
quences will be. The bomb exploded  
prematurely while he held it in his  
hand. He was taken to Dr. Frank H.  
Green's office and the wound was  
treated.

William Sparks Jr., spent the  
day in Indianapolis.

## FALLS FROM CHURCH PORCH

Russell Murphy, Age 20, Breaks Col-  
lar Bone at Reception

Russell Murphy, age 20 years, son  
of Roy Murphy of New Salem, broke  
his collar bone in a fall from the  
steps of the Flatrock church porch,  
last evening, where a reception was  
being held. Several young men were  
wrestling in fun and young Murphy  
accidentally slipped and fell from the  
porch. The reception was being  
held at the church honoring several  
new members who have joined re-  
cently.

## COUNTY IS CALLED ON TO RAISE \$132

Mess Fund Equal to \$2 a Man is  
Wanted For Selected Men at  
Camp Taylor, Ky.

CAMPAIGN IN EACH COUNTY

Will be Conducted Here by the Rush  
County Business Men's As-  
sociation

The campaign will be started soon  
to raise the minimum sum of \$132 as  
a mess fund for Rush county select-  
ed men at Camp Taylor, Ky., brief  
mention of which was made a few  
weeks ago when the State Council  
of Defense endorsed the scheme  
proposed by the Indiana Commercial  
Secretaries association. The cam-  
paign to raise the fund here will be  
under the direction of the Rush  
County Business Men's association,  
of which A. Bogue is secretary.

The local organization heartily  
agrees with the plan and will co-  
operate to make the fund a success.  
Every county in the state will be  
called upon to raise a minimum  
sum equal to two dollars for every  
selected man from their county and  
the money will be used to provide  
mess funds or comfort funds for  
the various companies of Indiana  
soldiers at the Kentucky camp.  
There are 66 selected men from  
this county at Camp Taylor, mean-  
ing \$132 will have to be raised.

Plans were made more than two  
weeks ago for the raising of the  
mess funds, but announcement of  
the scheme was deferred until the  
Liberty Loan campaign had been  
completed.

Every company of the Indiana  
National Guard when it left its  
home station, was provided with a  
Company fund, which is expended  
under the direction of the captain,  
for little table luxuries and camp  
comforts not provided by the gov-  
ernment. A strict accounting for all  
funds thus expended is required by  
the army officials. And after the  
company goes into service the  
members usually maintain the fund  
by contributions, assessments, en-  
tertainments and by the profits re-  
ceived from the regimental ex-  
change.

Because of the members of the  
National Army going to the can-  
tonments in various increments and  
unassigned as to companies it was  
impossible to provide them with the  
fund as was done for the National  
Guard. The Indiana Commercial  
Secretaries' Association, therefore  
suggested to the State Council of  
Defense that they adopt a plan  
whereby each county would raise a  
minimum sum of two dollars for  
each man leaving the county to join  
the National Army. This money to be  
sent to the State Council of Defense  
who would in turn deliver it to the  
Commander at Camp Taylor, he to  
see that it is properly distributed  
to the Indiana men.

The State Council of Defense pro-  
posed the plan to the camp com-  
mander, at Louisville, who heartily  
endorsed it, after which the Council  
of Defense enthusiastically adopted  
it and requested the Secretaries

## FOUR MEN ARE ARRESTED ON 7 CHARGES

T. E. Bottorff, Former Owner of Mil-  
roy Mill, Accused of Convert-  
ing Grain For Own Use

HE GIVES BOND FOR \$1,000

W. H. Roots Provides Bond on 4  
Charges and Jasper Dudgeon One.  
Morris Divorce Suit Dismissed.

AN OUTGROWTH OF ACCIDENT

Carl Vandiver Accused of Involun-  
tary Manslaughter in Connection  
With Baby's Death.

Four men were arraigned in cir-  
cuit court today on charges prefer-  
red by the grand jury, accounting  
for seven of the 12 indictments re-  
turned Wednesday evening. Two  
arrests were made yesterday on  
grand jury indictments, which means  
that there are yet three indictments  
on which no arrests have been made.

Thomas E. Bottorff of Milroy,  
former owner of a flour mill at Mil-  
roy, was arraigned on a charge of  
unlawfully removing and converting  
to his own use deposited grain. The  
charge was contained in a grand  
jury indictment. Mr. Bottorff was  
released on bond of \$1,000. He  
was recently in bankruptcy court  
and the mill was ordered sold to  
satisfy the creditors.

Carl Vandiver was arrested this  
afternoon on a charge of involuntary  
manslaughter returned by the grand  
jury. The indictment is the out-  
growth of an accident last summer  
east of New Salem when a machine  
Vandiver was driving struck a buggy  
in which Mr. and Mrs. Carl Swinford  
and their little daughter Mary Ellen  
were riding. The child was thrown  
under the machine and killed. Van-  
diver was exonerated in the coron-  
er's report. Vandiver's bond was  
fixed at \$1,000.

William H. Roots was before the  
court on four charges made in as  
many grand jury indictments. He  
gave bond for \$50 in each case. He  
is charged with assault and battery  
in two indictments, with giving in-  
toxicating liquor to a minor and  
seduction. He is now under bond  
of \$1,000 on a charge of seduction,  
on which he was arraigned October  
20. He was arrested then on an  
affidavit. Both charges are based on  
the same alleged offense.

Jasper Dudgeon gave bond for  
\$50 when he was brought before the  
court on a charge in a grand jury  
indictment of assault and battery.  
The charge is based on an alleged  
quarrel between Dudgeon and his

## FOUND SUFFERING; SKULL FRACTURED

William George Injured While Work-  
ing on Claude Walker Farm—  
How He Was Hurt Unknown

UNCONSCIOUS; OPERATED ON

William George was found badly  
injured last evening about 5 o'clock  
near a barn on the farm of Claude  
Walker near the city. When he was  
found, his skull was fractured over  
the right eye and he was uncon-  
scious a part of the time. He was  
brought to the Dr. Sexton hospital  
and operated on immediately.

His chances for recovery can not  
be ascertained until later. It was  
impossible to find out last evening  
how the accident occurred causing  
the injury. It is possible, however,  
that he fell from a loft or was kick-  
ed by a horse.

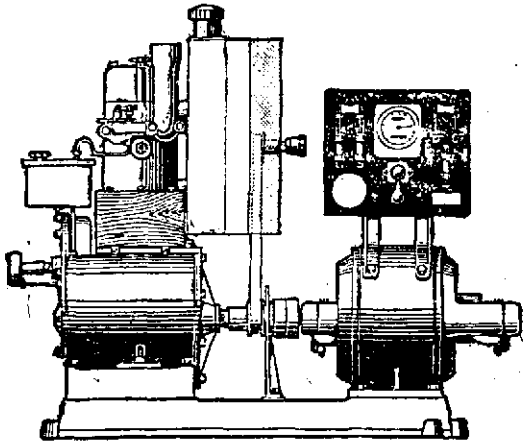

# Always Have PERUNA

Mrs. L. A. Patterson, 1399 Kentucky St., Memphis, Tennessee, writes:

"I have been a friend of Peruna for many years. I have used it off and on for catarrhal complaints and found it a very excellent remedy. I have a small family of children. Times are hard with us, but I can scarcely afford to do without Peruna, especially during the season of the year when coughs and colds are prevalent. We always recommend Peruna to our neighbors, for the benefit it has been to us."

**For Coughs and Colds in the Home. Recommend It to Our Neighbors.**

Those who object to liquid medicines can procure Peruna Tablets.

## FIGHT FOR YOUR LIFE

**Duty Demands Robust Health**

**Fight to get it and keep it**

Fight—fight day in and day out to prevent being overtaken by ill and ails. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains these mighty strength-producing agents, lecithin-and-iron peptonate, in a form best adapted to benefit the body and its organs. Ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, pallor, pale complexion that "tell" feeling and frail features are due to lack of lecithin-and-iron peptonate in the system.

Your mental and physical strength and endurance depend upon this age of iron peptonate and iron peptonate, steady, dependable nerves and a healthy stomach. With these you can meet life at any stage.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The powder and paint way of affecting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks. No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life to your body and mind that insures the confidence that you confront the world on an equal footing with anyone. Hypoferrin may be had at your drug store or direct from Sloan's Liniment Co. It is well worth the price. The Sentinal Remedies Co., Cincinnati, Ohio.

### Days Pickings

A marriage license was issued yesterday to Miss Ella Perry and Will Stewart.

Mrs. Foster Miller of North Jackson street is able to be out after a week's illness.

Word from the bedside of William A. Posey, who underwent a second operation in a Cincinnati hospital a few days ago, is that he has shown little improvement.

The new chemical truck has arrived and was unloaded and taken to the fire department today. It will be tested out Monday when the agent for the manufacturers who sold it to the city, Clifford Bagley, arrives here.

Mr. and Mrs. Wilbur Wilson of North Sexton street will move into one of the new apartments in the Mauzy company's building, corner of Perkins and Second street, a week from next Monday. The first floor of the building, which was formerly occupied by the Daily Republican, has been remodeled and converted into two apartments similar to the one on the top floor.

James Moore, for several years clerk in Allen's grocery store, has been recommended for substitute clerk at the postoffice by Postmaster

### Exposure Aches

Cold rain, winds and dampness bring out the rheumatic aches. An application of Sloan's Liniment will soon have the blood circulating and the pain will disappear. For neuralgia, lame back, stiff neck, sprains, strains, and all muscle soreness, Sloan's Liniment can't be beat. No rubbing, it quickly penetrates and does its work without stain or clogging of the pores. Better than plasters or ointments. For cold feet or hands try an application of Sloan's Liniment. Generous sized bottles, at all druggists. 25c, 50c, \$1.00.

**Sloan's Liniment**

## RUSHVILLE MEN IN FIRE DEPARTMENT

Sergt. W. B. Brann is Chief of 139th Regimental Squad and Has Seven Men

TWO FIRES AT CAMP SHELBY

"Department" Gets Early Training With Grass Fire—Lieut. Gochenour's Tent Burns

(Special to the Daily Republican.)

Camp Shelby, Miss., Oct. 27.—The fire apparatus for the 139th Field Artillery arrived this week and the "fire department" consisting of eight men from the Headquarters company was immediately organized. Captain Kiplinger's old company is well represented in the department. Sergeant W. B. Brann of Rushville is Fire Chief, while Corporal Hartford Sallee of Greensburg, Corporal George Myers of Rushville, Corporal Henry Ball of Arlington and Private Henry Peters of Connersville compose the majority of the squad. Strange to say the new firemen were initiated the first day after they were appointed, Chief Brann being compelled to leap half-dressed from his bunk and gather his doughty crew to put out a grass fire, which was threatening one of the mess shacks.

Fire Sunday morning destroyed the tent of Lieutenant Gochenour of the Sanitary Detachment from Rushville. A red hot stove pipe ignited the canvass and the Lieutenant looked out of the window of the infirmary mess hall to see his home in flames. A \$50 uniform was burned up with the tent.

The medical department is a very busy place just now. Between 150 and 200 cases are being treated daily by Major Carey, Captain McClelland and Lieutenant Lowell Green. Most of these cases are minor ailments. An average of 40 dental patients are treated by Lieutenant's Pearsey and Gochenour.

A football team has been organized among the enlisted men of the sanitary detachment and the Rushville boys expect to issue a challenge to one of the battery teams within the next few days. All men of the detachment are in the best of health and are finding Camp Shelby more to their liking every day.

Football is the sport that is receiving the most attention now. About fifty men are trying out for the regimental team, which is being coached by Lieutenant Boone, an old collegiate football star.

The two men that are showing up with the greatest promise of developing into first class half-backs are Paul C. Koons of Rushville, Ind., and Carl Peters of Connersville, Ind. Both of these men were members of former Company B of Rushville and are now non-commissioned officers in the Headquarters company.

In recognition of the generous and patriotic spirit shown by the soldiers at Camp Shelby in subscribing so liberally to the Second Liberty Loan, Wednesday (Liberty Loan day) was declared a holiday by General Lewis. The men of the 139th Field Artillery devoted the day to the pursuit of athletic sports. A track meet was held in the morning and a football game in the afternoon.

Hunt. The papers were received today and will be properly filled out and his appointment will be confirmed by the department at Washington. A substitute clerk was needed at the office to fill the vacancy which will exist when Harvey Allen leaves for France to serve as a postal clerk. Mr. Moore was on the eligible list.

R. E. Henley, Carthage grocer, is a "Sammy" backer. He has agreed to write to some soldier who is going to France and provide him with magazines and other things to make his life brighter. Robert D. Faulkner, 150th Field Artillery (Rainbow division), which has been stationed at Camp Mills, Long Island, was assigned to Mr. Henley who has already received a letter from his soldier boy. Faulkner has been appointed orderly to his major and writes enthusiastically to Mr. Henley of it.

## TO MAKE RECOMMENDATION

County Council of Defense to Pick Food Administrator.

The County Council of Defense was to meet at four o'clock this afternoon to consider the request of the State Council of Defense to recommend a Rush county man for county food administrator. On account of the conditions imposed by the state body, the county defense body expected to meet with some difficulty in finding a man who would fill the requirements and accept.

## GERMANS KILL 30

(By United Press.)

Paris, Oct. 27.—Thirty civilians were killed in a German air raid on Dunkirk, it was officially announced today.

There will be no Sunday school at the Main Street Christian church Sunday, but preaching services will be held at 10:30 a. m.

## HER DEATH NEAR

So Everyone Thought, But Is Now Well And Stronger Than Ever.

Newton, Mo.—"I can certainly speak a good word for Cardui, the woman's tonic," says Mrs. Jay Rhoades, of this town. "I suffered for 12 years with my right side, and the last three years, I would have a bad spell with it about every three months. I would get so bad off, every one would think I could not live.

The first of July, I began taking Cardui, the woman's tonic, and I haven't had a bad spell since soon after I began taking it.

Before taking Cardui, I was so irregular, and, at times, I could hardly stand on my feet. Now, I can clean house, and do any kind of work without its hurting me in the least.

Cardui will surely do for other women, what it did for me. I am telling all my neighbors about it."

Cardui is a mild and effective tonic for women, that has been found, by actual use, during more than 50 years, to relieve the ailments to which all women are peculiarly liable.

Cardui has helped thousands. Why not you? Try it.

WEBSTER'S MULTICOPY Carbon paper is sold by Louis Hiner. Try it.

NOTICE TO PROPERTY OWNERS

Sewer, Sidewalk, Curb, Gutter and Street Improvement assessments are now due, and must be paid on or before Monday, Nov. 5, 1917, or a penalty of 10 per cent will be added.

For the Music Lovers of Rushville and Vicinity

It is not often that musicians of such prominence visit a small city. That will be the case when Miss Ida Gardner and Harold L. Lyman visit Rushville.

Through the courtesy of our local firm, Hargrove & Mullin, the Edison dealers, we will be given the opportunity to hear these artists.  
Miss Ida Gardner is one of the best known concert contraltos in the United States, despite the fact that she is comparatively new to the concert platform in this country.  
Born in America and receiving her early musical education here, she spent a number of years in France, studying with Lloyd D'Aubigne, the noted vocal instructor who maintains his studios in Paris. Under him she not only became highly proficient as a concert singer, but went through all of the preparations essential to success in the operatic field. When the European war broke out she was considering an offer from the Imperial Opera Vienna, but the conditions in Europe necessitated her return to this country. Here she has made repeated appearances in cities from coast to coast, and everywhere she has met with receptions that only are accorded to artists of rare merits.

Harold L. Lyman, Flutist, has appeared with numerous bands and orchestras throughout the United States and Europe. In 1916 he made a trans-continental tour with Madam Rappold, the noted singer. He is noted especially for the beautiful quality of his tone reproductions.

These artists will appear here Friday, Nov. 9th, at the Main Street Christian Church.—Adv.

visit with their mother, Mrs. William Speer of North Willow street.  
—Mr. and Mrs. Albert Stevens are visiting relatives in Alexandria, Ind., and will return home tomorrow evening.

—Mrs. Orrie Lewark of Claremont, Virginia, arrived this morning for a visit with Mr. and Mrs. William Lewark.

—Mrs. J. W. Hogsett has returned from an extended visit with her daughter, Mrs. Clark Stough of Bucyrus, Ohio.

—Mrs. Alfred Looney and Mrs. Arthur Looney went to Indianapolis today for a visit of several days with relatives.

—Phil Leffel is spending the evening in this city from Fort Benjamin Harrison as the guest of Miss Helen Seadder.

—Edwin Lee of Indianapolis was the guest of Mr. and Mrs. E. B. Thomas at their home in North Morgan street today.

—Mr. and Mrs. Joe Hoover and daughter of Newcastle will spend Sunday with W. A. Woollen and family of this city.

—Miss Dorothy Thomas of Indianapolis will spend the week-end with her parents, Mr. and Mrs. E. B. Thomas of this city.

—Ralph Hackleman, a student in Webash college at Crawfordsville, is making a short visit with his parents, Dr. and Mrs. E. G. Hackleman.

—Mr. and Mrs. Frank Cotton of Manila were here today visiting Mrs. Cotton's mother, Mrs. Sarah Casady, and other relatives.

—Mrs. F. G. Hackleman has gone to Carthage where she was called on account of the serious illness of her nephew, Ralph Henley. His illness is a result of an injury.

—Among those from this city attending the Sandusky-Milroy basketball game at Milroy last evening were Glen Foster, Miles Cox, Ralph Blank, John K. Tompkins, Earl Miller, Halbert Brown, John Keating, Cyril Arbuckle, Clifford Hardwick and C. C. Updike.

—Mr. and Mrs. Ed Runyan and Mr. and Mrs. Jess Johnson of Muncie, Mr. and Mrs. Ernest Berry of Newcastle, Austin Joyce of Camp Taylor, Ky., Paul and Leo Joyce of Kokomo, Miss Winifred Joyce and William Joyce of Connersville were among those from a distance, who attended the funeral of Mrs. Austin Joyce. While here they were the guests of Mrs. John Joyce.

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.  
Any drugist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.  
The E. W. Rose Co., Cleveland, O.

WATSON SPEAKS TO HOOSIERS IN CAMP

Indiana Men at Camp Taylor Hold a Reception and Hear Address by Senator

HE PRAISES SELECTED MEN

Camp Taylor, Ky., Oct. 27.—That Indiana through her soldiers in the national army is going to give good account of herself in the war for democracy and human liberty was the prediction made by Senator James E. Watson of Indiana and Maj. Gen. Hale, commanding the Eighty-fourth Division, in addresses to the Hoosier troops in training at Camp Taylor at a reception for Indiana men here last night.

The reception marked the first assembling of the Indiana troops since the opening of the campment. The Indiana spirit prevailed. All Hoosiers should have been in the Y. M. C. A. auditorium and have witnessed the cheers of 3,000 men in khaki as the name of their state was mentioned and heard "Back Home Again in Indiana" as the well-known refrain went echoing out of the vast structure and down the confines of Bear Grass valley to the farthest corner of the reservation.

Senator Watson asserted that he was glad to come to Camp Taylor, as he was the more assured after seeing such an array of Hoosier soldiers before him that Indiana will be in the forefront when the time for the supreme test comes. He declared that Indiana pluck and determination is going to be felt in the activities of the American expeditionary forces and that American resourcefulness, efficiency and ability will work wonders when the full force of the United States is ready and is thrown in the balance against Prussian frightfulness.

WARNING SENT TO ELEVATOR OWNERS

State Fire Marshal Urges That They Take Extra Precaution Against Fire

MIGHT USE THE HOME GUARD

Indianapolis, Oct. 25.—Owners of elevators, flour mills and stock yards in every city in the state were warned today to take every precaution against fire. H. A. Friedly, state fire marshal, warned that they take extra precaution against the destruction of grain.

Herbert Hoover suggested that a Home Guard be employed to protect elevators, mills and stock yards as an effort had been made in some places to destroy cattle in stock yards.

Marshall Green filed suit in the circuit court against the C. C. C. & St. L. railroad today for \$650.

SAMUEL GRIFFITH DIES NEAR MOSCOW

Father of Elmer Griffith of This City Expires Friday Night at Age of 78 Years

FUNERAL MONDAY AT 10 A. M.

Samuel Griffith, age seventy-nine years, father of Elmer Griffith of this city, died last night at ten-thirty o'clock at his home near Moscow. His wife died August 22 of this year and he has been in poor health for some time.

Mr. Griffith was born and reared in the community where he died and lived on the same place for fifty-two years. He was a member of the Gowydy M. E. church and took an active interest in the church work. Besides the son here, Mr. Griffith is survived by one daughter, Miss Carrie Griffith, who lived at home.

The funeral services will be held at the late residence Monday morning at ten o'clock and burial will take place at the Moscow cemetery.

SANDUSKY DEFEATS MILROY, 35 TO 21

High School Lads From Decatur County Win Over Anderson Township Quintet

AMOS IS STAR SCORING 20

The Sandusky high school team defeated the Milroy high school team at basketball last evening by a score of 35 to 21. Jackman, guard on the Milroy team, was out of the game for a while due to a slight injury and Kelly substituted for him. Sandusky high school has only 6 boys, all of whom play on the team. They have no floor on which to practice, all of their practices coming in regular games. Amos was the star of the Sandusky bunch, scoring 20 points.

The summary:  
Milroy (21) Sandusky (35)  
Jackman, Kelly L. Marlow  
Richey Forward Gookins  
Johnson, Ruddle Center Amos  
Anderson Forward C. Marlow  
Seeright Turner  
Ralph Blank, referee.

Water Is Turned Off Today—Number Decreases Monthly

The water service of about twenty-five patrons was shut off by employees of the city water and light plant today because they had failed to pay their bills for the last quarter. The patrons had until last Monday to meet the bills, but the water was not shut off until today because employees of the plant had been busy at other work. It costs each patron a dollar to have the water turned on again. This rule is resulting in more people paying their water bills each quarter. When the rule was first made effective, more than a hundred delinquent patrons had to pay the fixed fee to get the service again.

Total Receipts at George Reeve's Sale to \$3,411.

An unusually large crowd attended the George W. Reeve sale yesterday, which was held at the Sugar Grove Stock farm near Arlington. The states of Kentucky, Ohio and Georgia were represented by bidders. Fifty-seven head of thoroughbred Poland China hogs were sold, averaging \$60 a head and the entire sale totaled \$3,411. Robert Hoy of Sheridan, Ind., purchased the highest price sow, which brought \$175 and E. B. Burch of Eastman, Ga., bought a sow for \$80.  
The Ladies Aid Society of the Methodist church of Arlington served the dinner.

# VINOL CREATES STRENGTH

## Positive—Convincing Proof

It is all very well to make claims, but can they be proven? We publish the formula of Vinol to prove the statements we make about it.

**Dr. Cod Liver and Beef Peptones, Iron and Manganese Peptones, Iron and Manganese Citrate, Lime and Soda Glycero-phosphates, Cascara.**

Any doctor will tell you that the ingredients of Vinol as published above, combine the very elements needed to make strength.

All weak, run-down, overworked nervous men and women may prove this at our expense.

There is nothing like Vinol to restore strength and vitality to feeble old people, delicate children and all persons who need more strength.

Try it. If you are not entirely satisfied, we will return your money without question; that proves our fairness and your protection.

### Real Americans

The stories of our first war encounters make all Americans thrill with pride at the heroic behavior of their fighting men. The sailors and soldiers who went down with the Antilles and the crew of the torpedoed destroyer Cassin conducted themselves exactly according to the best American traditions.

It takes high courage to act coolly aboard a ship that is blown in two by a torpedo and sinks in five minutes. The official accounts of the destruction of the Antilles show that there was no excitement whatever, that every officer and man did his duty. The officers "had the situation in hand instantly," when the explosion came, and kept it in hand. The boats were lowered steadily from the foundering fragments of the vessel. The gun crews remained at their posts until the last minute. The captain stuck to his bridge and was picked up clinging to a fragment of the wreckage. There was no excitement, no cry of fear. Men climbed into the lifeboats, or sank, with jests on their lips.

The commander and crew of the Cassin showed no less courage. With her stern smashed by a torpedo and one engine disabled, the destroyer calmly cruised around for hours, looking for the U-boat that had hit her. There was apparently no thought of the possibility of a mortal blow from that same submarine. Vice Admiral Sims himself praises the admirable conduct of the officers and crew. "There was no excitement on board, the men remaining quietly at their battle stations throughout the night except when called to other duties."

That is the way we expect Americans to act. It is the way all the boys now in training may be expected to conduct themselves when they meet the enemy.

### A Remedy For Germany

The Socialists of the German Reichstag are reported in revolt against the new war credit of two and half billion dollars and are said to have decided to vote against it unless Chancellor Michaelis resigns. The Socialists being the largest group in the Reichstag, will require only a few adherents to bring about the Chancellor's downfall. But even, if they accomplish this, they will have gained little so long as the theory of ministerial irresponsibility to parliamentary control obtains in the German government. Chancellors may come and go, but they will be subservient to the Kaiser and not to the Reichstag. It is not a change of Chancellors the German empire needs or that will satisfy the expressed desires of the German Socialist party. It is a reformation of

### LESS THAN HALF COLLECTED

Treasurer's Office Must Get \$17,176.57 in Taxes

With only eight days remaining this morning until the season for paying the fall installment of taxes ends, the county treasurer's office had less than half of its fall installment collected. Collections up to this morning amounted to \$129,587.43, leaving on the books yet to be collected \$173,412.57. This means an average of \$17,176.57 must be paid daily in order to collect all the taxes. Many farmers settled today.

the Imperial constitution, which will make for republicanism as against autocracy. Nor will a mere denial of credits suffice: for it would still be possible, with Germany organized as it is today, to take the people's money by fiat. This episode is another bit of evidence of German discontent with the progress of the war, but it cannot be taken as indicative of a situation wherein the established order is seriously menaced. It is still too early to count upon a revolution in Germany to win the war for the Allies. The spring drive in which American troops will take part has a fixed place in the schedule of events which will show the German people how the war should and will end.

### Henry Ford, Patriot

When asked for the terms on which he would turn over his big eastern assembling factory to the government for use during the war, Henry Ford replied, "No terms at all; take it." Of course there are those who will belittle the act with the remark that he can well afford it, but it was none the less a princely act of loyalty. And it stands out in such vivid contrast to the actions and words of many professedly loyal people that it is especially noticeable. Mr. Ford did all in his power to prevent this country going to war, even going so far as to subject himself to ridicule in his efforts for peace. Now, however, that his country is into it, his brains, his energy, his resources and, we doubt not his life as well if it were required, are at his country's order. Of such stuff are patriots made.

### Rendering Useful Service

The successes of the German fleet in the Baltic prompts the British press to ask what is being done with the overwhelming superiority of sea-power possessed by England. The answer, if given, will probably be that the North Sea is a much more important body of water, strategically speaking, and that the grand fleet has been kept there on that account. The use of sea-power has many phases. Dewey at Manila employed the best of naval strategy because he struck at the first available moment and with full strength. Why the British fleet neglected its great opportunity in the first days of the war has never been told. Yet the service of the British fleet to the Allies, and especially to the United States, cannot be overestimated. It has stood between us and the Hun for three long years.

A bulletin from the state fire marshal's office calls attention to the danger that lies in burning leaves. They are not only a menace to the lives of children, but to property as well. Left on the ground the leaf mold will be worth much as fertilizer because they enrich the soil. The bulletin concludes by urging all to remember that carelessness which starts a fire in wartime is treason.

Notwithstanding the back yards and vacant lots produced millions of dollars worth of food stuffs, old H. C. L. still perches on the top rung of the ladder and hands out sardonic grins.

The Columbus Republican observes that real sweet girls ought to be in great demand now that sugar is so short. Just as if they were not always in demand!

The United States is now making its own dye stuffs. Germany, however, seeks to spell it d-i-e.

Speed up and feed up. You will go farther and live longer.

Talk little and say much. You will be heard.

## The Way to Tell What's Inside

The Willard trade mark branded into the side of the battery tells the whole story. For that mark is the sign of the Still Better Willard with Threaded Rubber Insulation.

It is the outward and visible sign of the biggest storage battery improvement in years.

It stands for durable, threaded rubber insulation—for a battery in which the need of reinsulating is indefinitely postponed.

Next time you're in, ask us for the booklet, "A Mark with a Meaning for you"—it tells exactly what the Willard Mark stands for.

## DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

## AIRMAN CALLED IT ORDINARY DAY

Everyday Humdrum Life of Airfighters Might Impress Public But Not Them.

### ONE TELLS OF HIS FIGHT

Lured Over Enemy's Line But Got His Machine Just the Same—Calls it Dull Day.

London, Sept. 27 (By Mail)—The everyday humdrum life of the boy airfighters on the Western front reads like a page torn from a book of fairy tales. Here is a story of one of the dull days as told by a rosy-faced youth of nineteen. He was back in "Blighty" recovering from a machine-gun wound.

"What, you want to write a story about how I got this?" He laughed in embarrassment. "It was just an ordinary day—no story in it—Americans wouldn't care to hear it."

"This particular Hun had got old Regan—sent him down blazing. So we were after him. He usually came snooping over our way 'bout sunup. Poor old Regan. His only fault was that he adopted stray dogs."

"Anyway, this Hun bird man sailing over impudently other morning about five p.m. I skipped out to the aerodrome. All the boys yelling licks to me. After that nothing but the roar of the engine."

"There were a few chunks of white cloud—bully for ambushes—if the other fellow doesn't do the ambushing."

"Once before this bird had caught me with nothing to feed Lizzie, my domesticated machine gun, and jolly well chased me right down to our backdoor."

"Before I got up much I was getting 130 out of her—old engine singing like a cricket. I went up 10,000 feet keeping an eye peeled for Fritz. He was sitting under a cloud somewhere evidently. While I was nosing around the corners of the clouds caught sight of a shadow on a cloud-bank below. It was my meat."

"You bet I took a quick look at my fixtures, got a trayful of food ready for Liz, hummed the 'Invitation to the Waltz' and began to slide a bit. But I fell clean into a pocket, did a sideslip. While I was getting her straightened out, Fritz saw me and started up to get over me. He flew better'n I did, had more parlor tricks but I'd got the best machine. He knew it."

The boy leaned forward and his eyes sparkled with the memory.

"You know what that son-of-a-gun did—he lured me over their Archies. First thing I know a puff shrapnel let off below me, then one above, then one of my port side. I turned her nose up and got out of their reach. Meantime I'd lost sight of my Fritz."

"Then I got an idea. I began to wobble like I was hit. Began to fly like lame ducks' was Eagles compared with me. And it worked. He barged right out of a nearby cloud and opened up on me. I swung over him—two struts and a landing wire cut clean off. I whirled—and let Lizzie sing her favorite hymn to him. He swerved and began to settle. Then his machine caught fire and began to whirl like a falling leaf."

"Only then I felt my arm stinging and a funny feeling across my back. He'd got me with his first beltful."

"I turned back toward home. 'Bout twenty feet from the ground I lost control—probably fainted—and ruined our flower patch. Had bullet in arm, skin wound across the back and sprained leg in the bungled landing. That's what sent me over here."

"But let me tell you, old man—and put it in the paper—I wasn't fighting that particular Fritz, it was the whole outfit of skunks that bomb defenseless cities and kill women and children."

"Now let me buy you a drink for boring you."

### HOOSIER BRIEFS

Greensburg—The entire city was shaken when an over-charge of nitro-glycerine let go in a well. The explosive was being used to enlarge the well.

Seymour—Scarcity of homes for rental purposes in Seymour is becoming serious. It is practically impossible to rent a house or even a business place.

## STUNT OF PILOTS IS TO PLAY DEAD

Aviators Have Mastered Fake Fall so That it Appears to be Real to Enemy.

### ARE FREQUENTLY DECEIVED

Whenever Possible Victor Follows Falling Plane as Far as Possible to Make Sure.

By WILLIAM PHILLIPS SIMMS  
(U. P. Staff Correspondent.)

With the British Armies in France, Sept. 27. (By Mail)—It is not only the smart dog that knows how to "play dead and roll over." Battle-plane pilots out here do it every day, both British and German. It frequently happens that it is only by playing dead that they keep alive.

When planes are fighting high in the air and one suddenly finds himself in a tight corner, he "plays dead." That is, he shoots vertically up into the air turns over on his back and literally falls, head first, rolling over and over, simulating all the motions of a plane whose pilot has been killed and which is utterly out of control. So deceptive are these movements that it is impossible to tell the difference very often from the real thing.

Today I saw a good example of how this "playing dead" works out. Lieut. A flying at an altitude of three miles, well above the clouds, encountered two enemy machines. He dived at the nearest and at short range fired a short burst into it from his machine gun. It pitched on its nose, and with smoke coming out of its fuselage, went plunging and spinning into the clouds below.

It so happened that a pilot belonging to an entirely different squadron happened to be patrolling under the clouds above which the fight took place. In his report he mentioned seeing an enemy plane, of a certain type, fall in flames out of the clouds over his head and burning fiercely, crash to the earth at such and such a spot.

As both time and place and the circumstances coincided exactly with the report of Lieut. A, Lieut. B was credited with bringing down the German plane. But for this accident his fight would have netted his record nothing.

Whenever possible the victor in a fight in the air follows the falling plane to the ground and actually sees it smash to bits. When this happens to onlookers on the grounds, it appears exactly as if both planes are falling for the one which follows must put his plane into a "nose spin" and fall in the wake of the other like a stone. It is only when the pursuing plane sees his victim crash that he, at only a few hundred feet from the ground "flattens out" and swoops up into the sky again. Sometimes, to make sure, the pursuer fires 50 or 100 rounds at his falling opponent as he falls in his wake to make sure that the spin is real and not just a wily pilot "playing dead." So it sometimes happens that a fall begins by a pilot "playing dead" and ends in it becoming genuine. In these cases the victorious pilot will never know whether he was firing at an enemy trying to escape or into the back of a dead man.

### Amusements

Baseball fans will enjoy the photoplay at the Princess this evening. It is entitled "One Touch of Nature," and interweaves the interesting romance in with bits concerning baseball. John Drew Bennett takes the lead and John J. McGraw of the New York Giants and Viola Cain are in prominent parts. The story of a man with two different natures is told in the film to be shown Monday afternoon and evening, "The Brand of Satan." Montague Love and Gerda Holmes have leading roles.

The ladies of the M. E. church of Glenwood will have a masquerade special at Ogborne hall, Tuesday evening. Grand march at 8:30. Ice cream and oysters, and a general good time including musical entertainment will be held.

## Sign Your Country's Food Pledge—This Is It:

CUT OUT CAREFULLY ALONG THIS LINE

### Pledge Card for United States Food Administration

If You Have Already Signed, Pass This On To a Friend

#### TO THE FOOD ADMINISTRATOR:

I am glad to join you in the service of food conservation for our nation and I hereby accept membership in the United States Food Administration, pledging myself to carry out the directions and advice of the Food Administrator in my home, in so far as my circumstances permit.

Name \_\_\_\_\_

Street \_\_\_\_\_

City \_\_\_\_\_

State \_\_\_\_\_

There are no fees or dues to be paid. The Food Administration wishes to have as members all of those actually handling food in the home. Anyone may have the Home Card of Instruction, but only those signing pledges are entitled to the Membership Window Card, which will be delivered upon receipt of the signed pledge.

Cut this out carefully and send it to the Federal Food Administrator, Room 20, State House, Indianapolis, Indiana.

Do not send it to Washington. Send it to Indianapolis.

This is the same as the pledge card, and just as official. Do not sign this if you have signed a pledge card. Do not sign a pledge card if you sign this.

When you send this in, with your name and address, you will be sent free: (1) a handsome three-colored window membership card to show that

you are trying to live up to the suggestions of the food administration at your house; (2) an interesting and valuable book of suggestions and recipes, entitled "Ten Lessons on Food Conservation"; (3) a wall card to hang in your kitchen, entitled "The Kitchen War Creed," to show you how you can help win the war in your own kitchen if you wish.

And the food administration will mail you other helpful things later, perhaps.

To sign this card is a patriotic privilege. It will make you a leader

in your neighborhood in the task of saving certain foods for our soldiers and our allies.

Sign this card. Show Mr. Hoover you are with him. Hang out your window membership card when it comes. Read the interesting literature that will be sent you.

The government is not going to ask for your canned goods or for anything else, because you sign this card. You incur no obligations. You merely promise to study the problem of "food saving to win the war" and do what you can to help.

## Questions

that are frequently asked about

## The Aeolian Vocalion PHONOGRAPH

Do you have to change the needles?

No, you do not. That is, if you are content to play one brand of records exclusively.

Does it play any record?

Yes, it plays any disc record that is made, and plays it well.

Do you have to stop it?

No, it stops automatically.

Do you have to muffle it to obtain the soft tones

No, it is provided with what is known as the Graduola, with which you may grade the tone to suit your fancies.

If you are in the market for a new Phonograph, you will do well to investigate the NEW AEOLIAN VOCALION Before You Buy.

Let us put one of these Instruments in your home for a few days, so that you may see the real pleasure of playing an Aeolian Vocalion. After having played one of these wonderful instruments, you will never be satisfied with anything else, and they cost no more.

WANT ADS BRING RESULTS

Mr. and Mrs. Harry McMillin and family entertained with a dinner party last evening at their country home northeast of this city. The elegant dinner was served at six o'clock, in four courses. The attractively laid table was centered by masses of yellow and white chrysanthemums and the same chosen color scheme was used in all of the appointments of the dinner. Dainty handpainted place cards suggestive of Halloween marked the places for Mr. and Mrs. Ferd Retherford, Mr. and Mrs. Will Amos, Mr. and Mrs. Herman Tompkins, Mr. and Mrs. B. O. Simpson, Mr. and Mrs. Wilbur Stiers, Mr. and Mrs. J. Vincent Young, Mr. and Mrs. Hugh Mauzy and Mr. and Mrs. Louis Lambert. After dinner the guests spent a delightful evening over bridge.

The Ladies Musicale will open their regular sessions for the winter with a meeting in the courthouse assembly room, Monday afternoon at 2:15. The program will consist of a series of selections from "Music in Italy." An illustrated paper will be read by Miss Jennie Madden telling of the music in the early churches of Italy and up until the modern opera. Among the most popular selections which will be given are La Tosta, La Bohème, La Traviata, Aida, L'Pagliacci, Cavalleria Rusticana, San Ramada and Il Trovatore. A large attendance is especially desired to be present.

Mrs. George Hogsett was the guest of honor at a delightful little affair given yesterday afternoon by Mrs. Carl Gunning at her home in West Tenth street, when the members of Psi Iota Xi were the guests. Early in the afternoon, Mrs. Hogsett was presented with the shower gifts, quite a collection of useful and pretty presents. The hostess served a dainty one course luncheon late in the afternoon. Miss Erema Wilk is entertaining the members of Psi Iota Xi at an informal tea at her home in North Harrison street tomorrow afternoon.

Mrs. Harry Culbertson was the gracious hostess yesterday afternoon, when she entertained the members of the Friday Afternoon Embroidery club at her home east of Glenwood. Nine members of the club and one guest, Mrs. Alice Jeffry were present. The guests spent a delightful afternoon chatting over their needlework and the hostess served splendid refreshments.

Honoring the 29th wedding anniversary of Mr. and Mrs. T. W. Betker, Mr. and Mrs. Will Frazee gave a delightful little dinner party last evening at their home in West Third street. A pretty center bouquet on the table was composed of chrysanthemums and smilax. Mrs. Ed Crosby was also a dinner guest.

At the business meeting of Psi Iota Xi held in the director's room of the Rush County National Bank, it was decided to purchase a Liberty Loan bond in the name of the sorority. Final plans were also made for conducting the distribution and signing of cards during Food Conservation week.

All of the members of the Social Dozen club and a few guests were entertained by Mrs. J. T. Arbuckle yesterday afternoon at her home in East Seventh street. Dainty refreshments were served after the pleasant hours over needlework.

Miss Jeanette Clark of this city went to Muncie last evening to attend the wedding of Miss Sarah Jackson and Ray Clark which occurred today.

Miss Grace Buell will be hostess for the Friday Afternoon Embroidery Club at her country home on Friday afternoon of next week.

The S. E. T. Club will be entertained on next Tuesday afternoon by Mrs. Harry Kramer at her home in West Third street.

#### 4 MEN ARE ARRESTED ON SEVEN CHARGES

Continued From Page 1  
step-son, Jesse Vandiver, at their home in Glenwood a week ago Sunday when Dudgeon is reported to have hit Vandiver with a stove poker.

The case of Frank Green, charged with defrauding an inn keeper, was dismissed from the criminal docket today. Will Nicholas, proprietor of the Windsor hotel, was the prosecuting witness. The case was appealed from a justice of the peace court by the state.

The case of Thomas Kemp, charged with petit larceny, was transferred from the criminal docket to the juvenile court.

Defendants defaulted in three divorce suits and in each case the prosecutor was ordered to appear. The cases in which this step was taken were: Manford A. Stevens against Ada Stevens, Leora Clevenger against Ira Clevenger and Emma Stevens against William S. Stevens. The suit of Lula Morris and Elbert H. Morris for a divorce, support and \$1,000 alimony, was dismissed today at the costs of the plaintiff. Evidence was heard in the divorce suit of Luella Clarkson against Enoch Clarkson.

In the partition suit of A. P. Wellman against Mariame Wellman and others, the court approved the sale of real estate and the deed. The case of Harvey M. Cowing against Oliver Wagoner on a note, in which \$75 was demanded, was dismissed and the costs paid.

#### COUNTY GOES BEYOND ONE MILLION POST

Continued From Page 1  
time, except one report, when she dropped back to fifth place.

Rush county maintained her position still in the report which was received this morning. It covered all subscriptions reported to the close of business Tuesday evening. At that time the county had \$600,000, which was credited as 67 per cent of the maximum quota.

Rush county was preparing to celebrate this afternoon over her success by firing off some daylight bombs sent here from Liberty Loan headquarters at Chicago, but it was doubtful whether they would be fired if the rain continued to fall as it has most of the day.

#### RUSH COUNTY IS CALLED ON TO RAISE \$132

Continued From Page 1  
Association to execute it under their direction. W. G. Irwin, widely known banker and manufacturer, of Columbus, was named treasurer of the fund, and John E. Northway, president of the Indiana Commercial Secretaries' Association, will direct the campaign to raise the money.

#### DRIVE FOR SIGNERS WILL OPEN SUNDAY

Continued From Page 1  
government is going to ask for any of your canned goods or anything else like that," said Food Administrator Barnard yesterday. "The government is not going to ask or demand anything. It is simply going to make helpful suggestions. When you sign the pledge it means that you are going to be a 'voluntary saver' of wheat, meat, sugar and fats—that you are going to use as many substitutes for these things as possible, so we can send more wheat, meat, sugar and fats to our allies. It means that you are going to read the book 'Ten Lessons on Conservation' and try to follow its suggestions. It means that you are going to hang the kitchen 'War Creed' in your kitchen, and the patriotic membership card in your

window. Hang out the window card and show you want to help Hoover get more wheat, meat, sugar and fats for the starving people of Europe."

Notwithstanding the tremendous amount of conflicting activity in all

lines, including other war preparation and municipal politics, the state food commissioner and his aides in this great drive for co-operatives, volunteers in the one movement whose success is most essential for the success of the nation

and her allies against German autocracy, feel that the women of Indiana will respond nobly and promptly and the reputation the state has already established of being a leader in war work will be more than sustained.

**VICK'S VAPORUB**

## America Locks World's Pantry Against the Kaiser

The newspaper press of America, as shown in the very comprehensive article which occupies the leading place in the issue of THE LITERARY DIGEST for October 27th, is generally concerned with the thought that the absolute embargo now jointly decreed by England and the United States against Germany's neutral neighbors is, in the words of the New York Sun, "the deadliest of all weapons for the destruction of Germany," and one which she fears, according to The Tribune, New York, "even more than the drum-fire of the battlefield." The war is now "blockade against blockade," declared Deputy Lémercy, of the French Parliament, a few days ago, and at the recent Allied conference in London, it was stated that the new blockade formula, if strictly applied, "will make it impossible for Germany to continue the struggle."

For a full account of the probable effect of the Allies' embargo action upon Germany, do not miss reading "The Digest" this week. Among other topics that will engage your interest in this number, are:

### "Digest" Readers Don't Have to Guess the Facts—They Know Them

When you discuss politics, or the war, or literature, or art, or science, are you able to do so intelligently and broad-mindedly? Do you think for yourself on all these questions or are you simply an echo of your pet editor, a pale reflection of the opinions advanced in the columns of your favorite newspaper? If you are not already an independent thinker, weighing facts for yourself and drawing impartial deductions from them, it is high time

that you become one. No periodical will help you to this so well as THE LITERARY DIGEST. This greatest of modern news-magazines gives you, in their own words, the views of all the principal publications, at home and abroad, thus setting before you the great issues of the day from every angle of view and in the most readable form. It makes no attempt to influence your judgment. It simply offers you an impartial record. The rest is up to you.

October 27th Number on Sale To-day—All News-dealers—10 Cents

NEWS-DEALERS may obtain copies of "The Literary Digest" from our local agent in their town, or where there is no agent, direct from the Publishers.

## MEN AND WOMEN TO AID CONSERVATION

"Eat All You Want" is Slogan But Conserving of Wheat, Meat, Fats and Sugar is Urged.

### FOOD SERMONS ON SUNDAY

America is Able to Supply Commodities to Make up Shortage if Everyone Will do Their Bit.

(U. P. Staff Correspondent.)

By GEORGE MARTIN

Washington, Oct. 27.—An army of 500,000 men and women is forming under the food administration today to go out and tell America's 100,000,000 people to eat all they want. All it asks is that they conserve the few needed war foods: wheat, meats, fats and sugar. Most folks have had the idea that the Food Administration was trying to cut down the size of the average American's meals.

"Not at all," said the Food Administration today. "All we're to do is to get people to eat more of the good things of which we have an abundance, and less of the necessary war foods we haven't so much of. 'This good news will be carried to everyone of America's 22,000,000 front doors by this volunteer army between October 28 and November 4—National Food Pledge Week.

The 100,000 ministers of America will start the campaign by preaching War Food Sermons Sunday, October 28. The army will go out the following day ringing doorbells, that "first line of defense" in the cozy trenches of American homes. Leading these bread-and-butter-and-beef battalions will be the War Mothers of America: women whose fathers, sons, sweet-hearts or husbands are at the front or on their way there; than whom, the Food Administration feels, there is none better fitted in America to carry the message of war-time meals to that strategic stretch of domestic terrain between the pantry and the kitchen range.

The idea the Administration wants to stress is that it is not asking anyone to eat less food, but merely to eat different food. There is, it points out, plenty of excellent food for everyone. The only thing, there is a shortage of some foods that can be compactly shipped abroad and which contain tissue and energy building elements that are vital to the fighting power of our own and Allied soldiers.

By this, the administration pointed out, it means that no soldier can fight effectively when he feels in his heart that his women and children are hungry at home. The administration feels that it is a vital part of this country's war duty to see that the civilian populations of Allied Europe are kept fed and contented.

The Food Administration also made clear why it is urging the saving of these war-foods as a voluntary campaign. "It is because," said a Food Administration official today, "America is a democracy; and a democracy's people are presumed to be intelligent and patriotic enough to do their duty by their country promptly as soon as they see it. In Europe, particularly in Germany, the people's patriotism is not trusted. Their supplies are seized and doled out to them by a master. Nothing is left for the individual to decide. There is an enforced patriotism. Ours, voluntary.

The Food Administration is striving to make sure that the United States does not run short of wheat, meats, fats, milk or sugar to send to our Allies and our armies in Europe. A continued shortage of these things will give Germany a much better chance of winning the war by weakening the fighting powers of the Allies.

America is the only Allied nation in position to supply these vital commodities to make up the shortage. The only way America can do it is by every individual American doing his or her bit of personal conservation.

One pound less wheat flour per week per person means 133 million bushels of wheat saved this year for the fighters. One-third of an ounce per day less meat, fats per person means 395,000 tons of fats saved in this year. One pound less of the needed meats per person per day means 4,400,000 meat animals saved in the year. An ounce less sugar per

## CONSERVATION SUNDAY IS TO BE OBSERVED

Public Mass Meetings Will be Held and Means of Substituting Foods Will be Explained.

### MERCHANTS TO AID BARNARD

Indianapolis, Ind., Oct. 27.—"Conservation Sunday" will be observed in church circles throughout the state when the food conservation week campaign will be launched.

Most ministers of the state have promised to deal with the food questions and emphasize the necessity for food conservation in their sermons tomorrow.

During the week, special efforts will be made to procure the million signatures of Indiana women to the Hoover food organization.

Two days of the week will be meatless in patriotic households—Tuesday and Friday. Wheatless dinners will be served all week. Corn bread will be the fashion. Merchants in the state are co-operating with Dr. H. E. Barnard, director of the campaign, by arranging special window displays and decorations urging food conservation.

Public mass meetings will be held on Wednesday in practically every city, where speakers will explain means of saving food and general food questions will be discussed. The meetings will be held under the auspices of the county councils of defense and the commercial clubs or other business men's organizations.

day per person means 1,185,000 tons of sugar saved in a year and probably a lower retail price of sugar for everybody.

The only things you are asked to conserve are wheat bread, sugar, candies, cream, butter, bacon, pork, lard, suet, animals fats such as beef drippings, milk, wheat, beef, veal and mutton.

It is this idea Food Pledge Week is being organized to bring home to the front doors of America's 22,000,000 homes.

### County News

#### New Salem

The patriotic meeting held at the Auditorium Wednesday afternoon was well attended.

Maurice, the small son of Mr. and Mrs. John Frisbal of Marion, who has been ill at the home of Mr. and Mrs. Anderson, is very much improved.

Mrs. William Dausch is taking treatment for rheumatism at Martinsville.

Mrs. Bessie Williams was hostess to the R. M. C. Club Wednesday afternoon. All of the members were present except one and light refreshments were served.

Mr. and Mrs. John Mock, Mr. and Mrs. Herbert Holden, Mr. and Mrs. Henry Miller and Mrs. Miller of Napoleon went to Ohio Friday to attend the funeral of Mrs. Mock's mother.

Mr. and Mrs. William Stevens and Mr. and Mrs. Jerry Weir and son Carlos spent Sunday as the guests of relatives at Bloomington.

There was no meeting of the Red Cross here this week. Next Friday, November 2 there will be an all day meeting and a pitch-in dinner at the home of Mrs. Sylvester Colvin. All Red Cross workers of the southern part of Noble township are requested to be present.

The R. M. C. Club of New Salem will give a box social, Tuesday, October 30, at the auditorium for the benefit of the Red Cross. All that desire to attend, come masked. Other refreshments will also be served.

#### WOMAN BEFORE MAYOR

Mrs. Ira Clevenger was arraigned in police court before Mayor Behout this morning on a charge perferred by her husband of having illicit relations with another man. She pleaded not guilty and the trial was set for next Wednesday morning at nine o'clock.

Anderson—Walter Haven was arrested charged with interfering with recording when he tried to dissuade two young men from joining the army.

## The American Flag and What It Means to You

This contest is open to every student in this city and vicinity. One Gold Medal has been assigned to each grade in the school from the First Grade through the High School to be won by a student in that Grade.

Booklet containing the History of the American Flag from its inception to the present time and notable instances regarding it are being distributed free by the Rush County National Bank. All rules governing the Contest are printed on the Booklets. The Medals are on display at the bank. Come, see the medals and get a booklet.

We are also giving Two Special Medals for the best pen drawing of the American Flag and would like to have every student in our schools compete.

## Come In and See the Weber

Here Are More Big Points

YOU will be interested in looking over the hound, hub, skein and skein box construction. On the Weber the hounds are of straight-grained oak; on the front gear they are of the same type, wide and roomy in the rear, to give the reach ample support in turning short. They are mortised and well braced with solidly welded steel. Hubs are of white oak only, turned, shaped and bored accurately for the skein boxes. Skein box is made so that a grease chamber is formed. A solid collar keeps the oil away from the wood of the hubs. Mud and sand cannot get into the axle and the skeins cannot wear into the skein boxes. That means long life and good service.

These are all reasons why you should have a Weber wagon—that is, if you want a wagon for real work. Come in and let us show you.
